CAMERON CITIZENS URGED ELECTION OF HON. T. S. HENDERSON

LOCAL ATTORNEYS AND TEXAS
DEMOCRAT MENTIONED FOR
CHAIRMAN OF STATE
COMMITTEE

Following the published story in the Fort Worth press Monday that Hon. T. S. Henderson of Cameron with P. W. Seward of Fort Worth were being talked of as successor to M. H. Wolfe as Chairman of the State Democratic Executive Committee on the eve of the Democratic convention a telegram was forwarded to the convention in care of Mr. Wolfe in which several hundred citizens concurred urging the election of Mr. Henderson.

Mr. Henderson and Mr. Seward were mentioned as prominent in Democratic circles as well as representing the so-called "new guard," which was slated by some to take control of the Democratic machinery because it was practically certain that Mr. Wolfe would retire.

All of the "old guard" democrats sometimes referred to in the campaign as the "political oligarchy" by those opposing Neff, were against the McLennan democrat in the first primary and supported Thomason. The dopesters set forth the argument that a change while not urged by Neff certainly would not be objected to.

The so-called "new guard" had recommended that Luther E. Johnson of Corsicana be elected to preside at the opening. This was approved by the committee in action Monday night.

Mr. Henderson is an original Neff man, having supported the Waco democrat in the first primary and helped to carry Milam county by more than two to one for him in the August primary.

Because of his wide experience in Democratic affairs of Texas and ability he had attracted convention delegates and in accordance with the trend of events Cameron citizens and his fellow townsmen sent a telegram placing his name in nomination before the convention.

The telegram is concurred in by all Cameron but for the lack of time it could be signed by only a few representative citizens as it was sought to place the message in the hands of Mr. Wolfe by the time the afternoon session began.

Following is the telegram as written by Judge W. G. Gillis:
To the Democratic State Convention:
Fort Worth, Texas.

"Milam county which gave a majority of over two to one for Neff and democracy presents the name of T. S. Henderson for Chairman State Democratic Executive Committee."

Signed: W. G. Gillis, Giles L. Avert, J. B. White, L. L. Blaylock, Judd G. Davis, John L. Denson, Oxsheer Smith, Rush A. Thomas, B. B. Blaylock, Royal P. Jeter, A. W. Luckett, A. N. Green, B. P. Atkinson, C. W. Lawrence, Hubert Hefley, S. A. Cottle."

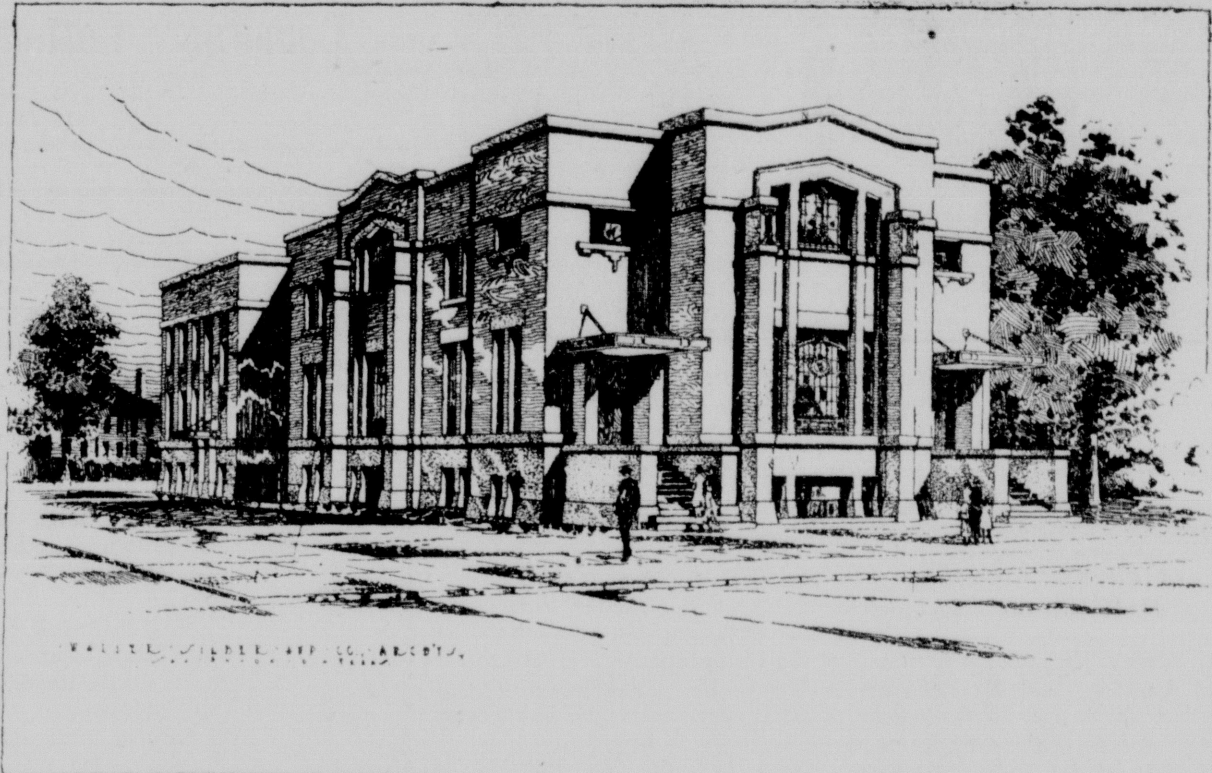

TRACTOR FORCE IS BACK FROM TWO DAY NAVASOTA MEETING

CHAMBERS-HEFLEY MOTOR CO.
PROFIT BY DEMONSTRATION
TO FARMERS

The two day Fordson tractor demonstration held in Navasota Sept. 2 and 3 under the auspices of the Houston branch of the Ford Motor Company is declared by H. W. Hefley of the Chambers-Hefley Motor Company to have been one of the most successful farm power demonstrations ever held in this section of Texas.

Mr. Hefley, accompanied by Mr. Oxsheer Smith, President of the Citizens National Bank, and Clyde Franklin, tractor clinic for the Chambers-Hefley Motor Company, returned Saturday from Navasota. Mr. Smith went in response to an invitation extended by the bankers of this district. Mr. Franklin holds a responsible position with the company and will be engaged in promoting tractor sales this fall.

MODERN NEW EDIFICE FOR METHODISTS IN CAMERON WILL COST \$100,000

As the New Church Will Appear When Completed

A triumph for Methodism in Cameron the \$100,000 church building, construction contract for which has been awarded is a constructive achievement that all Cameron applauds. It will not only be one of the most modern church buildings in Central Texas but will equal many of the buildings to be found anywhere in the country. The church will be equipped with an electric organ; movable stage for tavelogue pictures; athletic room; showers and many other modern features. Waller, Silber & Co., 507 Bedell Building, San Antonio, Texas, are the architects and the photo is presented through their courtesy.

RIFLE SHOT FATAL TO THREE YEAR OLD BEN ARNOLD CHILD

LITTLE JOHN SPROULL MEETS
TRAGIC DEATH WHILE PLAY-
ING IN FAMILY HOME AT
BEN ARNOLD

Little John Sproull, three year old son of Mr. and Mrs. Claud Sproull, died in Cameron at 10:30 Sunday night at a local sanitarium as a result of a rifle wound in the forehead accidentally inflicted Sunday morning at 11 o'clock in the yard of the family home near Ben Arnold.

Reports are that the children were playing in the yard with a small rifle, probably a 22 calibre, when the wound was inflicted which proved fatal to the little boy.

The little boy was rushed to the local sanitarium with the hope that an operation would save his life but his condition was beyond aid and after examination it was disclosed that the wound was of so critical a nature as to make his recovery impossible. He died at 10:30 Sunday night only a few hours after his arrival at the hospital.

Funeral services were held in the Ben Arnold Baptist church Monday by Rev. B. B. Blaylock. The remains were laid to rest in the Ben Arnold cemetery Monday afternoon.

The demonstration was held for the benefit of the dealers, more than fifty of whom were in attendance. The city of Navasota entertained the dealers at the country club and a speech-making program was staged and many educational talks made for the benefit of the dealers. A representative of the plow branch of the factory was on hand as the only manufacturer to attend the meeting.

Mr. Hefley announced on his return here that the company will employ a special salesman to conduct demonstrations and to place these tractors on the farms of the company territory. Mr. Hefley believes this is a day of progress on the farm and is urging that the farmer adopt the same business-like methods as a jobber, merchant or manufacturer use to promote their production and transportation.

Plowing requires more power than any other problem on the farm. Soil preparation is important and every successful farmer values the proper breaking of the soil before planting the crops. The tractor not only answers the soil preparing problem but meets the active demand on the farm

Contract Awarded For Modern New Church

Imposing Edifice for Cameron Methodists to
Cost \$100,000---Construction to Start As
Soon as Material Can Be Assembled

The new church building to be erected by the Cameron Methodist Church will cost approximately \$100,000 when complete and will be one of the most modern and well equipped churches in Texas.

It represents the achievement of plans laid by a church with a vision and will express magnificently the progress which has been made by the local congregation of a great religious body. It represents more than an architectural triumph for in this new edifice is comprehended the Christian ideals of a religious citizenry whose steadfast labor has borne lasting fruits through more than five decades.

The new edifice great in architectural design and of inestimable material and civic benefit to Cameron is much more a treasure for the inspiration it develops for religious activity in the city. With its modern design and equipment the activities of the church will be facilitated in such a manner as to make progress more ready and church life more pleasant.

Contract for the construction of this building has been awarded and it is announced that work will begin as soon as material can be placed on the ground.

The pastor, Rev. Ira F. Key, has been in Cameron directing the church less than a year. His ministry here has won for him a large place in the religious and public life of Cameron. He is progressive and believes in progressive methods for the church as in business. Into the new church plan has been incorporated many of his ideas and singular knowledge of the needs of the church.

The church building will be of concrete and brick and will be thoroughly fireproof. The auditorium capacity will seat over 800 people with a Sunday school capacity of 1000 or more.

In the woman's department will be a kitchenette. It will also have a

for various power tasks needed in cultivation and the storage of crops, ensilage and operating minor stationery machinery.

It is safe to say that the time will come—and that very soon—when every farmer will own and operate tractors. The transition from the old to

large Sunday School assembly room on the ground floor. One of the most modern features will be the movable stage for tavelogue pictures. A picture machine will be installed in the church.

The men's department will be equipped with shower bath and an athletic room with equipment sufficient to take care of a scout troop.

The building will be heated in winter and ventilated in summer by the most modern of blast air systems.

A feature of the church will be the music. An electric organ will be installed. The interior will be trimmed in quarter-sawn oak, including the pews and the organ case. This will be carried out in a beautiful silver gray finish.

All of the memorial windows in the old church will be remodeled and installed in the new church.

The balcony in the main auditorium will seat near 300 people. The exterior will be of face brick of the very best make. A portion of the exterior on the bottom floor will be of concrete. Art glass windows will be installed throughout. There will be two front and two side entrances. The awnings will be of bronze. The building will front south in line with the federal building. In the rear will be reserved a space for open air meetings or for addition to the church.

The architects are Waller, Silber & Company, 507 Bedell Building, San Antonio. Mr. Silber, who was in Cameron this week and will personally superintend the construction.

Following contracts have been awarded: Heating Moncrief Furnace and Manufacturing Company, Dallas; Seating, Manitowac Church Furniture Company, Waukesha, Wis.; General Contractor, J. E. Johnson Construction Company, Waco; Plumbing, Geisler & Voszog, Waco; Electric, Martin Wright, San Antonio, Art Glass, Dallas Art Glass Company, Dallas.

the new methods of farming will be rapid within the next few years.

The tractor has proven its value and The Herald is deeply interested in seeing a wide distribution of them on the farms of Milam county.

Mr. Henry Peevehouse of Temple, was in our city Sunday.

Lone Bandit Robs
Uvalde Bank of
\$6,500 in Cash

San Antonio, Texas, Sept. 8.—A lone bandit held up the First State bank at Uvalde, Texas early Wednesday morning and escaped in an automobile with \$6500.

He appeared at the bank shortly after 7 o'clock when the negro porter arrived and compelled the porter to telephone the assistant cashier to come to the bank. When the latter appeared the bandit held him and the porter until the time lock on the vault permitted it to be opened at 8:30 o'clock. After taking the currency available the bandit locked the assistant cashier and the porter in the vault and walked to his car, which had been left standing a block away. Officers from Uvalde and San Antonio are searching for him.

NEW PHOTO PLAY HOUSE IN CAMERON BY OCTOBER FIRST

TEXAS PHOTO PLAY ASSOCIATION
GETS LEASE ON BUILD-
ING AND LETS CONTRACT

The Texas Photo Play Association of Fort Worth will open a motion picture house in Cameron on or about October first, according to the announcement of A. D. Powers of Fort Worth, who was in Cameron Tuesday looking after the details.

The show will be located in the Henderson building, formerly occupied by the Wilkerson Brothers Garage, which was recently purchased by F. A. Brock and T. R. Vaughn and leased by the photo play association.

The building will be remodeled throughout. The front will be touched in plaster with four arched entrances and strung with more than a hundred electric lights. The main entrance and booth floor will be laid out in cement. The show will have an upper floor to seat about 150 people. The main floor will seat about 300 people.

When completed the show according to Mr. Powers will represent an expenditure of about \$15,000.

L. C. Boyd will be the local manager with an interest in the company. All pictures will be booked at the Fort Worth office. Already \$1200 worth of films has been booked for the first 13 weeks of the show. The show will be operated day and night. A uniform price will be charged and the price, says Mr. Powers will never be above 10 cents for children and 25 cents for adults, no matter what the attraction.

All equipment is to be installed in duplicate. The screen will be of the gold fibre type and there will be four exhaust fans and 8 wall fans to cool the building. A special light system will be installed.

A pipe organ equal to any in this section of the state will be installed. Music appropriate for all pictures will be played. A musician will be employed to operate the organ.

The general contractor for the building is Joe Walston; Lyn Smith has the painting and decorating contract; J. R. King is the plaster contractor and A. W. Luckett the contractor for electrical equipment.

FREE SHOW

Friday evening at 7:30 on the Court House Square a free entertainment will be given especially for wives, mothers and daughters. H. D. Rucker, the Korak Chieftain, assisted by Mr. LaDell and his wife, will take pleasure in not only entertaining the citizens of Cameron with clean comedy but Mr. Rucker will give a vivid description of his life among the Normadic tribes of Kamchatka, Siberia.

PLATFORM DEMANDS ARE PROGRESSIVE

AGRICULTURAL COLLEGE PRO-
JECT LOSES IN STATE DEM-
OCRATIC MEETING

Fort Worth, Tex., Sept. 8.—The closing session of the Texas democratic convention marked the first important fight on the convention floor this afternoon when delegates from West Texas lost their fight in which they were seeking to have the convention recognize officially the proposed West Texas agricultural and mechanical college by a vote of 522 to 378.

A platform making twenty-five definite demands on the 37th legislature for progressive legislation was adopted with no fight on any of its planks. The West Texas A. & M. proposition came as a minority report from the resolutions subcommittee and was an effort to amend the platform as submitted.

Frank C. Davis of San Antonio, was elected chairman of the state executive committee, J. I. Kircheville of San Antonio, vice chairman and the position of secretary was left open, to be filled at the discretion of the chairman, who announced he contemplates the selection of a San Antonio man.

The committee passed a resolution empowering each committeeman to appoint a woman assistant in each senatorial district.

The rest of the day's session was confined to a speech by Governor William P. Hobby and the address of Pat M. Neff, governor-elect.

Subscription to national democratic campaign fund reached a total of \$43,250, with Dallas county leading with a subscription of \$6,000.

Outstanding planks in the platform demand of the legislature providing suffrage for citizens only, educational inquiry and extension legislation for all schools, colleges and eleemosynary institutions, amendment to the minimum wage law for women and to the workmen's compensation act, and a revision of state department bureaus, with clear cut definition of the duties of the secretary of agriculture and giving to the control of the Texas A. & M. college all agricultural activities of an educational nature.

CALVERT YOUTH LOSES LIFE IN RIVER NEAR BRYAN LAST MONDAY

Word was received in Cameron Tuesday of the death of Clifton Tyson, fifteen year old son of Mr. and Mrs. Clifton Tyson of Calvert, who was drowned near Bryan Monday.

Details of the drowning could not be obtained but it was said that the tragedy occurred in a local swimming pool in Bryan. He was visiting relatives in Bryan at the time of his death.

DRILLING CAMPAIGN IN TRACY FIELD

Temple, Texas, Sept. 8.—The Dixie-Winner Drilling company have their field engineer, Mr. Nichols, and his crew busily engaged in surveying and laying out sites for the next eight wells they will drill on the Davis tract. This company's well No. 2 has been finished and is being rigged with a pump. The Dixie-Winner people report that contracts have been offered, and which they will accept, for the drilling on contract of one or two deep wells about five miles from their present holdings.

The Texas Eagle company and Johnston and company are actively working leases adjoining the Dixie-Winner property.

GRADUAL SELLING OF COTTON URGED

FARMERS IN DALLAS TALK
OVER THE MARKETING PROBLEM IN THE SOUTH

A gradual and a rational selling plan for cotton, bonded cotton warehouses in every cotton growing precinct in Texas, the abandonment of the lowest grade of cotton to the soil as an energizer and a curtailment of the acreage devoted to cotton in the state by fully one-third. These were offered as panaceas for the present economic stress in the cotton growing countries. Wednesday at the all-day meeting in the auditorium of the Dallas Municipal Building. Between 800 and 1,000 farmers, bankers and merchants crowded the auditorium. Nathan Adams, president of the Texas division of the American Cotton Association, called the meeting to order at 10 o'clock.

Not only was the four-plank program offered to the meeting, but it was embodied in the text of a resolution framed by a committee representing various agricultural and commercial organizations and that resolution was adopted by a rising vote of those present, with three dissenting.

The resolution indorsed the plan of organization of the American Cotton Association and charged that organization with the task of carrying out the program through state-wide organization of effort. Throughout the meeting speakers who held the floor for a total of four or five hours had hammered away on those four ideas, together with suggestions for creating an organization for the disposal of low-grade cotton held in Texas.

Resolutions Adopted.

Resolutions were adopted as follows:

"Whereas, The cotton growers, bankers, merchants and business men of the state of Texas, after careful investigation and experience, know that the present price offered for cotton is below its economic value, below its cost of production when the present price of labor and materials are considered, and comparatively below the selling price of other commodities; and,

"Whereas, This condition is not only a great hurt to the farmers of Texas, but the whole system of agricultural production, which is now discouraging the farmers in the production of needed food and clothing, this convention of farmers and business men of Texas, assembled today, therefore

"Resolve and demand of the manufacturing and consuming public a price for the present and future cotton crops that will cover the cost of production and a fair return on the labor expended and the capital involved, and to bring about this condition we urge the farmers of this state to adopt a gradual and rational selling plan which will market this crop in a businesslike way over a period of not less than nine months and in amounts not to exceed 15 per cent of the total crop in any one month.

"We further indorse and support the State-wide campaign for the construction and operation of bonded warehouses and the issuance of a uniform warehouse receipt, negotiable beyond the point of origin, which will permit the financing of the crop through member and refocal reserve banks.

"We further urge that the gathering of 'boobies' be discontinued.

"That the above plan may be carried out, we further pledge our support to the state-wide campaign for reducing next year's cotton acreage fully one-third and an increase in the planting of food and feed crops.

"To carry out this program above outlined, we indorse the organization

A GREAT STATE HIGHWAY RIGHT THROUGH MILANO

Mr. O. D. Baker, the democratic nominee for floratorial representative of Milam and Bell counties was in Milano a while last week and gave us some definite information on the East and West Texas Highway Association which was recently organized, and says it is the purpose of that body to build a highway from Longview to San Antonio, running right through Hearne, Gause, Milam and Rockdale. This highway will be the Reagan division of the Bankhead National highway which enters Texas from Texarkana to Longview, and according to Mr. Baker's opinion this will be the greatest highway in the state of Texas when completed. It will take several years to build it, he said, but if the towns along the proposed route will get busy it will be built, provided we do not let some towns grab it away from us and build

it on some other route and this we must try to prevent.—Milano Gazette.

POPULAR COUPLE QUIETLY MARRIED AT CAMERON

Last Sunday afternoon, Mr. Hosea Rupert Lankford and Mrs. Glensie Bickenbach drove over to the county seat, and at 8:30 in the evening were quietly married by Judge Graham Gillis of the county court, and immediately following the ceremony, the happy couple returned to Thorndale and are temporarily making their home with the parents of the bride, Mr. and Mrs. J. W. Hyde. Present when the nuptial knot was tied were Misses Winnie Hyde, sister of the bride; Helen Knowles, Mary Reeves and Fay Felton and Messrs. Malcolm

Isaac, John B. Willis and Ben Smith.

The groom came to Thorndale several months ago from Thrall, and for a while was employed at the Sanitary Confectionery, but later changed to Field's Cafe, where he now has charge of the ice cream and cold drinks department. He is a young man of pleasing personality, and has a wide circle of friends here.

The bride is the eldest daughter of Mr. and Mrs. J. W. Hyde, and has resided in Thorndale practically all her life. She is a lady of unusual personal charm who numbers her friends by her acquaintance and all this week she and Mr. Lankford have been the recipients of many hearty congratulations and good wishes.—Thorndale Champion.

W-B LAND COMPANY
SWEETWATER, TEXAS

FORDSON FARM TRACTOR

When Henry Ford set about building the Fordson tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil with different crops.

So he built the Fordson. It is so simple that a school-boy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

100,000 PRESCRIPTIONS WERE FILLED BEFORE NUMBER 40 FOR THE BLOOD WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions before "Number 40 For The Blood" was discovered. 40 is an old doctor's prescription, has cured the worst cases of blood troubles, chronic rheumatism, catarrh, constipation, stomach trouble, indigestion, functional nervous disorders, skin eruptions, such as eczema, sores, ulcers, pimples, etc. Thomas Anderson, 419 Linden St., Winston Salem, S. C., writes as follows: "I thought I would write and give

you my experience with your great medicine, Number 40 For The Blood. When I began to take Number 40 I was suffering with a severe stomach trouble, could not eat anything without great distress, was run down, weighing but 139 pounds. I improved from the start, am now on my fourth bottle. Can eat anything I want, weigh 156 pounds and feel like a new man and wish to thank you for the wonderful benefit I have received by taking this wonderful medicine."

BIRTHDAY PARTY

Last Friday afternoon Master Wilson Mode was little host at his fourth birthday party.

Eighteen little boys and girls came to enjoy the pleasures with him. Then the joy of cutting the birthday cake. It was white and beautiful with four colored candles on it. Ira Wilson cut the dime, and Perry Deese the button.

Cream and pop corn were also served. Wilson was the recipient of a number of presents suitable to a four year old tot.

DANCE AT CALVERT

Last Friday night the young men of Calvert entertained at a dance. The Lone Star Five Band of Waco furnished music.

There were three cars full went over from Cameron to attend the dance. Those whose names we could get were: Misses Ruth Wiley, Katie Lawson of Navasota, Helen Mulhern, Florence Butts, Leone Creele of Alabama, Harriett Henderson, Louise Gilson, Messrs. Max Plaster, Holman Woody Ben Baskin, Albert Collins, Elliott Atkinson, Price Cross, Fontaine Flinn and John Sanders.

MRS. LESOVSKY ENTERTAINS

The beautiful residence of Mr. and Mrs. Frank Lesovsky was all aglow Friday night when they entertained for Misses Amalie Turek of Ballinger, Pauline Skrabanch of West and Gene Hruska of West.

There were about twenty couples

present and Mesdames A. J. Akin and W. T. Hefley, and Misses Louise Green and Bessie Wiley assisted Mrs. Lesovsky in entertaining and serving the young people.

First a number of games were played after which the popular stroll party wound up the evening's pleasure.

Beautiful queen's wreath decorated this handsome home.

Delicious cream and cake was served about eleven o'clock and the young people thanked Mr. and Mrs. Lesovsky for the evening's pleasure.

PRESBYTERIAN PICNIC

Friday afternoon dozens of cars lined up at the Presbyterian church to convey the Sunday School children and congregation out to Batte's park for a picnic.

A large crowd went out and enjoyed several hours of games, social intercourse, after which a sumptuous supper was served and more ice cream than the children could eat.

These Sunday School picnics are great affairs and long to be remembered by the children.

SEALY-LEECH

A pretty home wedding of much interest was celebrated on August 20th at Lexington, Texas.

The contracting parties being Miss Lillian Sealy and Mr. Ray Leech. A

number of friends and relatives were present, including Mr. Earl Leech of Cameron, who accompanied his brother, on this happy occasion.

The bride, who is the daughter of Mrs. S. L. Sealy, was reared in Lexington and educated in the public school of that place.

Throughout her school days and her brief social life, she has been deservedly popular among a host of friends.

She has visited Cameron at various times, and her sunny disposition has won her a place with the young people who are glad to welcome her as a permanent member of their social set.

Mr. Leech is the son of Mr. and Mrs. J. T. Leech, who are well and favorably known in Cameron. Ray is a young man of sterling worth, and though he has been in Cameron less than a year, he has many friends and commands the respect of all who know him. He was in the service sixteen months, having been on duty with the Medical Corps at Fort Riley and later Fort Sheridan, from which place he was honorably discharged last December.

He is associated with his father in the oil business and will probably be located in Cameron for several months.

Many good wishes go out to these splendid young people in this happy beginning of their married life.

M. E. MISSIONARY SOCIETY

The ladies of this church met at four o'clock on Monday afternoon with a good attendance.

After the business session Miss Mollie Moore was leader and using the Books Chronicles and Kings conducted an interesting lesson on the building of the Temple.

DOUBLE BIRTHDAY PARTY

Miss Geraldine Slaughter, aged nine years, and Billie, aged four, gave a double birthday party Monday afternoon.

Twenty-one little girls and boys came laden with dolls, ribbons, handkerchiefs, perfume for Geraldine and balls, tops, lawn mower and other toys for little Billie.

There was an hour's play and games on the lawn while the Edison furnish-

ed music, and then came the cutting of the two cakes. Geraldine's was white with nine yellow candles, and Elsie Blaylock got the nickel, Elizabeth Gandy the needle and Christine Gandy the toothpick. Billie's cake had four pink candles and Dwight Gandy got the nickel, Edwin Gandy the button and Billie Slaughter the ring.

Cream and candy was served by Mrs. Slaughter, assisted by Mesdames C. D. Robinson and C. Miller.

NEIGHBORHOOD SHOW

Children are great imitators and as an "after the carnival" event was the show in Judge Watson's barn Monday night by the boys of the neighborhood.

They canvassed the neighborhood all afternoon selling tickets. There were boxing and wrestling matches, and a number of other stunts in which Glenn Flinn and Bassett Watson were umpires.

Next they presented a good show with the Electric magic lantern. Receipts at the entrance amounted to ninety-five cents.

One mother remarked that her little folks retired that night so willingly, signifying that for once it was a perfect day to them.

Tuesday morning the proceeds were invested in a case of soda water and was soon only a memory.

BLAYLOCK SPENDS A BUSY DAY SUNDAY AT ROGERS CHURCH

LOCAL PASTOR HAS 4 CONVERSIONS; DRIVES 60 MILES BAPTIZES 108 PEOPLE

Rev. B. B. Blaylock, pastor of the Cameron Baptist church on last Sunday spent one of the most strenuous days of his ministerial life. In fact, but for his marvelous consecration to duty it would be easy to give way to physical weariness but to his untiring energy three times preaching during the day with four conversions; the baptizing of 108 people and an auto drive of sixty miles is only a minor conception of what he desires to give to his ministry.

On last Sunday Rev. Blaylock went to Rogers to preach the closing sermons in the big revival meeting which had been in progress there for two weeks and which lost the services of Evangelist B. B. Crimm on Thursday night, having been called away.

Rogers is a former pastorate of Rev. Blaylock and the church there at this time is without a pastor. They called on Rev. Blaylock and he responded to preach there Sunday and conduct the baptismal services.

The baptizing took place in Reed's Lake on Little River at Rogers. Rev. Blaylock has held revivals at Rogers for the past twenty-five years. In all he has baptized more than 800 people during his ministry in this part of the State. In the meeting held by Evangelist Crimm there was more than 300 conversions and additions to the church.

Rev. Blaylock preached three sermons, having four conversions. He then baptized 108 people in the afternoon. The auto trip for the day was a total of 60 miles. He returned to Cameron and preached in his pulpit Sunday night.

NEW STEAM PRESS FOR LOCAL TAILOR

JOHN M. CAMMER ADDS NEW EQUIPMENT FOR TAILORING BUSINESS HERE

John M. Cammer, local merchant has just received shipment of a 1920 model Hoffman steam pressing machine to be used in connection with his tailoring service in Cameron. The press is very latest model to be had, being a 1920 7 A model.

With this equipment Mr. Cammer will be able to take care of his tailoring business in a more efficient manner. He will now operate two pressing machines, having retained his old machine.

He announces arrival of fall fabrics and that there is some slight reduction in the price of clothing this year. The price situation has been largely an unknown problem this year and it was only recently that a definite market situation was disclosed in a letter to Mr. Cammer from Eastern firms.

PIERCE STORE TO BEGIN FALL SALE

LOUIS S. PIERCE SPENDS DAY IN CAMERON WEDNESDAY LOOKING AFTER INTERESTS

The Louis S. Pierce store in Cameron this week begins its annual fall sale of autumn and winter merchandise. Louis S. Pierce, owner of the store, was in Cameron Wednesday from his home in Navasota, where he also operates a large dry goods store.

Mr. Pierce returned recently from markets of the East, where he spent several weeks purchasing and making heavy shipments of merchandise to the Cameron and Navasota stores. The Cameron store is under the management of J. F. Braun, an alert and progressive young business man.

Mr. Pierce makes frequent trips to Cameron and his friends are always glad to greet him.

CHURCH NOTICE

Services will be held in the Episcopal Church Sunday morning at 11 o'clock. Everybody invited.

MAJORITY FOR NEFF IS NEARLY 80,000

OFFICIAL AND UNOFFICIAL FIGURES INDICATE FINAL LEAD OF 79,373

A final majority of 79,373 votes for Neff over Bailey in the Democratic runoff primary Aug. 28 is indicated by a combination of official returns received by the State Democratic executive committee on 173 counties and the unofficial returns received by the Texas Election Bureau on all but four of the remaining seventy-two counties. Four counties held no elections, and neither the State committee nor the bureau has heard from four counties, Crockett, Jeff Davis, McMullen and Starr. These probably held no elections.

Totals of the State Committee, compiled by A. S. Moody of Houston, its secretary, show the following results in the three State races: Governor, Neff 202,696; Bailey 142,377; Lieutenant Governor, Davidson 170,727, Johnson 147,880; Supreme Court, Pierson 179,882. Hawkins 132,561. Neff's majority on the official returns so far is 60,319 votes.

Adding in the Texas Election Bureau figures on the Governor's race from sixty-eight of the seventy-two counties lacking in Mr. Moody's reports, totals for Governor are: Neff 264,075; Bailey 184,702; total vote accounted for, 448,777.

Bailey carried only forty-six counties, most of them in South and West Texas. The German counties of South Texas, including Comal, went for him by large majorities.

pal Church Sunday morning at 11 o'clock. Everybody invited.

PRESBYTERIAN CHURCH NOTES

There will be the regular preaching service on Sunday morning. On account of the meeting the pastor is holding at Marlow there will be no service Sunday night.

We are to remember that the First Sunday in October is Rally Day in the Sunday School. Let us be getting ready to make this a great day in the school.

FAIR BEGINS BIG FALL GOODS SALE

J. N. MEDLOCK OF COLEMAN HERE TO CONDUCT BIG PRICE CUT CAMPAIGN

Beginning Saturday the Fair store in Cameron will start its annual Fall Sale. J. N. Medlock of Coleman, head of the American Salvage Company has arrived and put the stock and store in order for the rush. He will be here throughout the entire sale. Mr. Medlock put on a sale for The Fair Store in the Spring of this year and the campaign was a success.

Large stocks of goods have been purchased by Tom Moore, Proprietor, and the sale will be waged to move the big stock to make room for additional goods.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

COTTON ESTIMATE 12,783,000 BALES

WET WEATHER IN AUGUST
CAUSED BOLL WEEVILS TO
BECOME NUMEROUS

Washington, Sept. 1.—Continued improvement in the cotton crop August, amounting to an increase of more than a quarter of a million bales in the month, was announced today by the Department of Agriculture in its forecast today of a total production of 12,783,000 bales, based on Aug. 25 conditions.

Remarkable growth took place during August, officials said, but the crop is from two to three weeks later and a late fall is necessary for favorable termination of the crop. Boll weevil damage will be greater than usual, they say.

In a statement commenting on cotton conditions the department said:

"The cotton plant has grown wonderfully during August over the entire belt as a result of almost constant rains, but this growth during the last two or three weeks has been largely at the expense of fruit, although large and vigorous, is sappy. The crop in the normally dry areas of Texas and Oklahoma, where the ample rainfall was beneficial, and in all the northern portion of the belt has shown absolute or relative improvement for August. Generally speaking, the early set of bolls was satisfactory, and while the bolls are not now present in proportion to the size of the plant, there is a fairly satisfactory set of bolls.

"The cloudy, wet weather and cool nights, with large growth, have prevented the plant from overcoming its initial lateness and it is from two to three weeks late over most of the belt.

Boll Weevils Active

"The moist August conditions have been very favorable for the boll weevil, which is very active in all infested regions from Central Texas to Central South Carolina. The loss of a large part of the squares now setting and a considerable proportion of the small bolls and many large ones as a result of weevil damage is reported throughout this area. Bollworms are also active to a damaging extent in the same territory. For a favorable termination of the season a late fall is necessary. The harm resulting from boll damage from weevil would be in greater proportion than ordinarily, because the damp weather tends to rotting of the entire injured boll instead of the lock affected only. Much rotting is reported in the central areas.

"The abandonment of planted fields since the date of the bureau's acreage estimate of June 25 has been slight and probably less than average.

"Labor conditions may become serious later, when the rains permit picking, especially if dry, hot weather should force quick maturity, but no acute shortage exists at present, although labor is generally high and insists on shorter hours than formerly.

"More fertilizers has been used than last year and still more than two years ago although the quality is still inferior from lack of sufficient potash, and much of the benefit has been lost from leaching or from going into plant growth rather than fruit."

Production was forecast last month

at 12,519,000 bales and the condition of the crop July 25 was 74.1 per cent, while the forecast made in July was 11,450,000 bales based on a condition of 70.7 on June 25. Last year's production was 11,239,755 bales and the condition of the crop on Aug. 25 a year ago was 61.4. The ten-year average condition on Aug. 25 is 68.2.

It is not only ancient history which is written on the big historical bulletin boards which have been placed along the nation's highways by the United States Tire Company to inform the traveling motorist of the point of interest in his journey.

Four boards recently erected give information concerning the nominees of the Republican and Democratic parties for President and Vice-President.

At Marion, Ohio, one of the big history books has a page reading as follows:

"Marion is the home of Warren G. Harding who started in life as a printer's devil and rose to United States Senator from Ohio, now being the Republican nominee for the Presidency."

The bulletin devoted to Governor Cox states:

"Trail's End," near Dayton, Ohio, is the home of James M. Cox, Governor of Ohio for three terms, who began life as a newsboy and is now the Democratic nominee for the Presidency of the United States."

Cameron Girl Wins D.A.R. Scholarship In the University

Austin, Texas, Sept. 3.—Miss Lola Greer of Cameron has again been awarded the Daughters of American Revolution scholarship for the University of Texas. This scholarship which was held by Miss Greer during the session of 1919-'20, also is awarded on the basis of health, scholarship and interest in worthy student affairs, and carries with it the use of a room in the woman's building furnished by the order.

Miss Greer will be a senior in the university next year. Her scholarship record for the past three years shows that she has been on the dean's honor roll every term since she entered. In addition, she has been prominent in the work of the Young Women's Christian association, having for the past two years served as cabinet officer, and in athletics. She

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

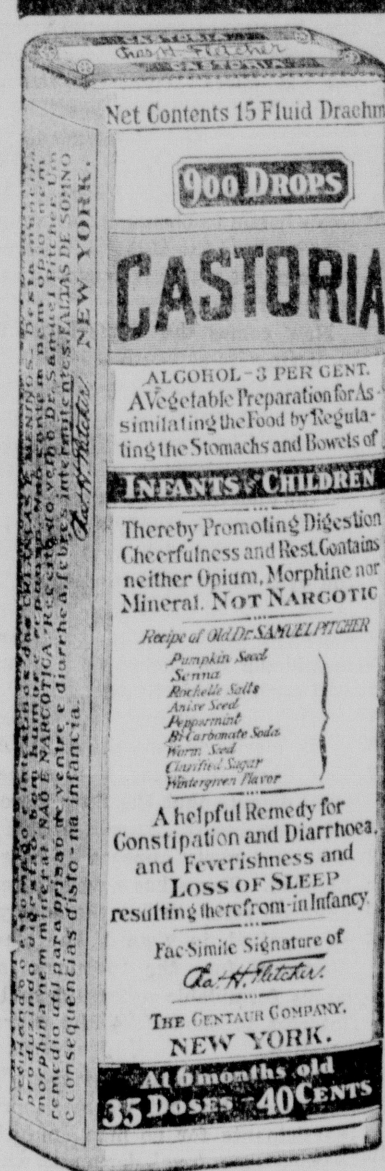

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. PUBLISHERS NOTICE

Beginning September 1, 1920, the
advertising rates of The Cameron Her-
ald were increased making the pres-
ent display rate 22 cents. This rate
does not affect existing contracts. The
line rate will be 10 cents per line.

The increase is made necessary be-
cause of increased costs of production
and the unprecedented flight of print
paper prices. The increase does not
put the rate as high as the established
standard of rates the country over
and our patrons are still paying less
than the average. A big increase in
circulation, the base for all advertising
rates, also justifies the raise.

It is the policy of this paper to make
its returns to the advertiser on money
invested in advertising to its respon-
sible circulation and readers, and to
legitimately meet the increased cost
of production.

THE CAMERON HERALD.

CAMERON'S WATER SUPPLY

To such measures as the public
health we owe the profoundest consid-
eration. We owe to the city of Cam-
eron the blessed place in which we
live everything that we command for
its best interests and the interests of
its splendid citizenship.

That is why The Herald views with
grave alarm the continued unsanitary
condition of the public water supply.
That is why we urge a militant, initi-
ative policy upon the part of both the
city council and the public. If an un-
satisfactory water supply, both from
the standpoint of sanitation and
wieldy public command were an in-
ducement to act, the time is long past,
and we say that an emergency
exists requiring the thought and help
of the best to effect some remedy.

The Cameron Water, Power and
Light Company under agreement
reached by the city council will install
a chloride treatment for the public
water supply. To be satisfied with
this condition would seem to indicate
public lethargy. We do not want
water, even though separated from
bacteria to be supplied "mud in a in-
fact," for no matter to what test of
modern sanitation water may be put if
it is not cleared and filtered it is un-
fit for human consumption.

The chloride treatment is good for
emergency purposes and perhaps at-
tained wide use with the expedition-
ary forces in France to make "safe"
the "sweet waters" of the Somme.

Cameron's water supply should
have a bath and a change of ingredi-
ents.

What are you going to do about it?

As a public-spirited citizen you owe
it to yourself and to your city to make
some effort at least to bring about a
sanitary water supply.

To install a filtering process would
entail a large expenditure and the
Cameron Water, Power and Light Com-
pany is unwilling to do this without
an increase in rates. This is only a
reasonable demand for an increased in-
vestment is not wise or possible with
a fixed income. The public utilities
that have not been allowed to increase
rates (few there be that haven't) are
now in the "middle of a bad fix."

We believe the people are willing to
pay for sanitary filtered water and we
believe they want it and are going
to have it even at the cost of munic-
ipal ownership. This is perhaps the
most logical solution after all. Cer-
tainly the people could not object to
paying for what they receive. The
revenues should offset any additional
expenditure made necessary by the in-
stallation of filtering equipment.

The Cameron Water, Power and
Light Company should have more in-
terest in the public health. It should
install the filter and charge rates ac-
cordingly—anything to get results.
Or, the city council and the people
should take up the problem and se-
cure a sanitary water supply. If mu-
nicipal ownership is necessary there
can be no reasonable objection to that
if we get what we want in the bounds
of reason.

What are you going to do about it?

A CALL TO BATTLE

Now that the Democratic Primary
elections are over and the choice of the
people has been clearly defined in the
selection of Pat M. Neff of Waco as
the standard bearer for Texas Demo-
cracy, it is obviously the duty of every
loyal Democrat to rally to the sup-
port of the nominee as against the op-
position tickets.

A solid front fight for Democrati-
c victory is more imperative at this
time because of the national campaign
and because of the disintegration and
the wide-spread unrest and the forces
of evil that are now assailing the
foundation of this government.

While the Democratic party in Tex-
as has just completed its second inter-
circle battle to choose its nominee, in-
dications are the fight is to be waged
now against both an ancient and a new
enemy of the party.

Now comes the American Party
gathering its strength from the ranks
of dissenting democrats and repre-
senting an unknown and unproven
quantity. The American Party with its
reactionary platform and its demand
for the undoing of the things for which
the Democratic party is pledged to
maintain and which were wrought in
the eyes of an approving nation both
in an hour of peace and war, is per-
haps the most threatening and most
formidable foe the party has now to
deal with in this State.

What may or may not be said as
to the merits or demerits of the Amer-
ican Party in Texas, it is a fact be-
yond dispute that the lines were kept
intact during the August primary and
now as a party appears to be solidly
founded. Texas has never feared Re-
publican strength but the enemy par-
ties, united, in view of the alarming
disregard for the primary should
prove formidable as considerable dis-
interest is shown for the November
election.

It is now the duty of every dem-
ocrat (and by that we mean primary
participants for no man may be re-
garded as a loyal democrat who will
enter the primary and disregard its
pledge) to put in the armor and strike
with the ballot for the safety of
America and the sanity of the world.

Miss Louise Gillon spent last Sat-
urday at the Cameron Sanitarium and
deposited her tonsils with Dr. E. Ris-
char.

Little Miss Vesta Hamilton was
quite sick last week end but is better
at the present writing.

The house guests of last week of
Miss Harriett Henderson returned to
their respective homes the latter part
of last week.

Mr. and Mrs. O. J. Pool of Hous-
ton arrived in Cameron Saturday by
motor from their home in Houston.
Mr. Pool returned Monday. Mrs.
Pool will spend the week with her par-
ents at Jones Prairie. She was the
guest of Mr. and Mrs. Elbert Martin
Monday.

Mr. Jake Maples of Belmena, was
a business visitor in Cameron Wednes-
day.

Miss Pearl McKinney left Cameron
Monday for San Antonio, where she
has taught school for the past two
years.

If you have a child that is addicted
to bedwetting don't fail to try Ruck-
er's Famous Korak Wonder. It has
never failed to give quick relief. It
will be sold on the Court House
Square Friday night at advertising
prices.

If you have a child that is restless at
night, has frightful dreams and grits
its teeth you can rest assured that
worms are gnawing at its vitals. Give
it Rucker's Korak Wonder. This
remedy is famous as an exterminator
of worms. It will be sold Friday
night at the free show on the Court
House Square.

Hon. T. S. Henderson, Cameron at-
torney, attended the State Democratic
Convention in Fort Worth as Chair-
man of its resolution committee. He
was also urged as a candidate for the
chairmanship of the State Democratic
Executive Committee to succeed M. H.
Wolfe.

Mr. and Mrs. C. S. Peyton of Cle-
burne, came in Tuesday afternoon for
a visit with Mr. and Mrs. George Chil-
dress. Mr. Peyton is district man-
ager of the Telephone Company. Mrs.
Peyton was Miss Bonnie Brougher of
several years ago when she taught
music in Cameron.

Rev. B. B. Blaylock was in Holland
last Friday to conduct the funeral ser-
vices held over the body of A. J. Mc-
Kay, prominent citizen of that section.
Mr. McKay is the father of Mrs. Sam
Mewhinny of Cameron. He was a
close friend of Rev. Blaylock having
known him for a number of years.

NOVEMBER HOG SHOW PLANNED BY LOCAL CLUB

A well attended and enthusiastic
meeting of the Board of Directors of
the Cameron Commercial Club was
held Tuesday night. A number of
members and a few visitors were also
present at the meeting.

A report was made in collections
for the Cotton Cladding Service which
showed the funds well in hand. A res-
olution was offered by Judge W. G.
Gillis instructing the Secretary to
write a letter to all honorary mem-
bers and other farmers and cotton
raisers over the county inviting their
co-operation in supporting the office.

Mr. O. C. Haworth, representing
the Market Bureau of the S. A. and A.
P. railway was present at the meeting
and gave an outline of the work being
accomplished by this department of
their road.

The Marketing Bureau of the Sap-
road has been in operation now for
only a few months and is proving of
great value in a number of ways.

The first thought that inspired the
officials of this road was to afford a
means for the farmers along their line
to dispose of their surplus produce,
such as bacon, cabbage, lard and any
other commodities that could not be
used by their local merchants.

The plan as outlined was to secure
as many merchants along the line in
the various towns to become members
of the association at a nominal fee.
Each member of the Bureau would list
his customers' commodities and send
same to headquarters every week a
bulletin is issued to all members and
each can see what the other has he
might use, and thereby the goods are
shipped from town to town and dis-
tributed where needed.

Mr. Haworth sighted the club to a
number of instances where on coun-
ty disposed of a surplus of coun-
try bacon and that without the market-
ing bureau would have gone to waste.

Another feature of the bureau is to
encourage the farmer to diversify, if
he knows he can sell his surplus he is
going to raise not only what he needs
at home but will raise some for his
neighbor down the line.

A resolution was adopted endorsing
the plan and Mr. Haworth given a
letter commending the service to our
local merchants.

The benefits to be derived from a
hog and cattle show were outlined by
Mr. Wm. M. Cobb. He related that
any number of farmers in Milam coun-
ty were now interested in fine hogs
and cattle and that an opportunity
should be given them to display their
fine stock. He suggested some time
in November for the event and his
proposition met with hearty approval
of the directors. Those having fine
hogs and fine cattle can begin to brush
them up now. Cameron is going to
have a show for Milam county and
some nice prizes will be awarded.

The mosquito campaign was discus-
ed and the matter of changing the
drainage system under the street cross-
ings in the business district was fa-
vored. It was stated by C. W. Law-
rence that at present low places were
to be found in which water stood con-
tinuously thereby increasing the mos-
quito menace. A plan suggested was
to place concrete dips at the street
crossings and allow the surface water
to run through them instead of the old
plan.

Mr. Louis S. Pierce was present at
the meeting and made a pleasant talk.
Among other things he discussed the
mosquito campaign on in Navasota.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of
Milam County, Greeting:

You are hereby commanded to sum-
mon Lutereo Garza by making publi-
cation of this citation once in each
week for four successive weeks pre-
vious to the return day hereof, in some
newspaper published in your county,
to appear at the next regular term of
the District Court of Milam County, to
be holden at the court house thereof
in Cameron, on the 8th day of Novem-
ber 1920, the same being the 2nd Mon-
day in November 1920 then and there
to answer a petition filed in said court
on the 5th day of August 1920, in a
suit, numbered on the docket of said
court No. 8226, wherein Ellen Garza is
plaintiff and Lutereo Garza is defend-
ant, said petition alleging: That plain-
tiff is entitled to divorce by reason of
3 years' abandonment, said abandon-
ment occurring on Oct. 20, 1913.

Herein fail not, but have before said
court on the said first day of the next
term thereof, with your return there-
on showing how you have executed the
same.

Witness, Penn Wolf, Clerk of the

Worm Symptoms.

Worried sleep, crying out in sleep,
gritting the teeth, peevish tempera-
ment in the morning, swollen eye
cheeks, picking the nose, breaking
out around the lips, foul breath, vari-
able appetite, flushed and feverish
cheeks, alternating to cold and damp.
These are known as positive sym-
ptoms of worms. Rucker's Famous
Korak Wonder has proven an infalli-
ble remedy for the removal of worms
in men, women and children. It is
being sold daily on the Court House
Square and will be sold Friday night
at the big free show.

NEFF WILL NOT DICTATE PLATFORM

NOMINEE EXPRESSES CONFIDENCE IN CONVENTION'S ABILITY

Waco, Texas, Sept. 8.—Pat M. Neff, Democratic nominee for Governor, this afternoon made the following statement:

"In answer to several inquiries of the last few days as to what I am planning to have incorporated in the Democratic platform to be adopted at the Fort Worth convention next week I desire to state that while I shall freely express my views to the platform committee as to legislative matters, I shall not press the putting into nor the keeping out of the platform any special plank.

"It is true, that for some years the custom has been in Texas for the nominee practically to write the platform. This practice is wrong.

"The platform should express the views of the nominee only so far as such views represent the crystallized thought of the Democracy of the State. Nothing should be put into the platform that is not intended to be enacted into law.

"One of the most important functions of the convention is to formulate the party platform, and certainly this platform should not be dictated by any one person, but should represent the combined wisdom of the representative Democracy of Texas. I am confident that the convention will work out a platform that will meet the needs of Texas."

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,
To all persons interested in the estate of George Marak, deceased. Cause No. 1813, notice is hereby given that Antonia Marak has filed in the County Court of Milam County, an application for the probating of the Last Will and Testament of George Marak, deceased, and for appointment of administratrix and issuance of Letters Testamentary of the estate of George Marak, deceased which will be heard at the next regular meeting of the County Court, to be held on the first Monday of October, A. D., 1920, same being the 2nd day of October at the Court House thereof, in the city of Cameron, Texas at which time all persons interested in said estate may appear and contest said application, if they see proper.

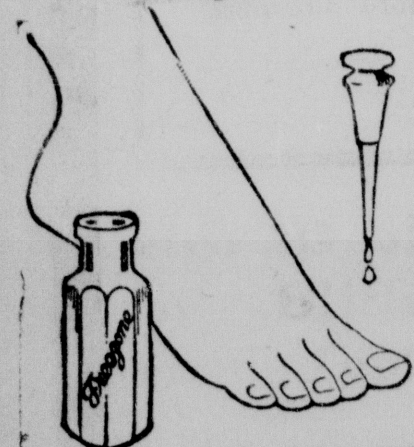

Here Fail Not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the City of Cameron, Texas, the 31st day of August A. D. 1920.

Attest: WILL T. YATES,
Clerk County Court, Milam County.
Katryn K. Robbins, Deputy. 18-21.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

THE KEY TO SUCCESS

The demand for Telegraph Operators was never so great as at the present time. The largest telegraph school in America—equipped with over a hundred sets of instruments, miniature train service, a train wire of a main line railroad, all telegraph and freight blanks and books of record; tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—The Tyler Commercial College of Tyler, Texas, is unable to supply the demands of the railroads, Western Union and Postal Telegraph companies for operators.

Read the following letter from the Supt. of Telegraphy of one of the large railroad systems:

Tyler Commercial College, Gentlemen: If you will send us the high class students you have been sending, we can use all that you can send. Could use a large number at the present time if you have them. In this connection will say what students you have sent us have been very satisfactory and have developed in some of the best telegraphers and agents that we have. Trust that you will be able to send us more of your students at once and keep them coming as fast as they are capable. I had the pleasure on August 2nd to visit your great school and made a personal investigation of the methods used by you in preparing students, telegraphers, and I find they meet with all requirements of my road, and I wish further to say you have the largest and most complete and thorough business college that I have ever seen.

R. F. Frenzer, Supt. Telegraph Union Pacific R. R.

Our Telegraph students are on all the leading Southwestern roads, and in Western Union and Postal Telegraph offices. With our help you can be a bigger success. Write for free catalogue. We place our graduates promptly free of charge. Tyler Commercial College, Tyler, Texas.

Bell County Farmers Organize

Belton, Texas, Sept. 1.—More than five hundred farmers are pledged to the Bell County Farm Bureau which has completed a three days' drive in a small portion of the county, eighty per cent of all farmers solicited having joined the organization which now has nearly a million and a half members in 31 states of the union and in more than half the counties of the United States.

The Bell County drive is to continue for several weeks until every farmer is seen; and if the present percentage is kept up, the final membership will be in the neighborhood of 2,500 members.

All the soliciting work is being done by actual farmers who have the welfare of the farmers at heart. None but farmers may vote or hold office in the organization which is planned to foster marketing methods that will get better prices for products. The slogan of the organization is a fair price based on cost of production plus a reasonable profit.

Texas farmers have already been saved millions of dollars through the American Farm Bureau's defeat of the Nolan bill, which would have taxed all farm values over \$10,000 one per cent annually. Bell county farmers regard the ten dollar membership fee as a small item compared with the benefits already received. For example, it is stated that a man owning a farm valued at \$40,000 would have had to pay \$300 extra tax a year if the American Farm Bureau had not stepped in with its million and more members and defeated the bill while it was before Congress.

It is stated that this same bill is coming before Congress again and that the Farm Bureau is going to have another fight to defeat it for all time. The Bell County farmers are lining up almost one hundred per cent with the Farm Bureau to get the benefit of organization in fighting those measures which mean loss of money to the farming class.

Williamson County farmers are planning to start the organization and they boast that they will make Bell County take a back seat when the number of members is counted. Many other counties in Central Texas are

just about ready to begin. Dallas County will have nearly a thousand members by the end of this week. Nacogdoches County is about to begin a drive. Parker County has asked for assistance from state headquarters.

John Orr, a farmer in Dallas county, is the President of the Texas Farm Bureau, and C. O. Moser is the secretary. Both men expect to make the Texas organization second to none in the United States.

NEFF MAJORITY NOW
PLACED AT 75,615

Dallas, Texas, Sept. 4.—Neff's majority over Bailey in the run-off primary August 28 is 75,615 votes, the latest compilations of the Texas Election Bureau show. With complete returns in from all but 43 counties, of which only eight have made no reports, the result now stands: Bailey, 182,844; Neff 258,479; total vote accounted for, 441,303.

Four counties held no primary August 28 and it is likely that several of the eight other counties not reporting held no primary. The reports on the 35 late counties are practically complete. Probably only 10,000 or 15,000 votes are yet to be accounted for.

Woman Hurt When Car Plunges Over a Bridge Near City

Mrs. T. E. Key of Jones Prairie was slightly injured last Saturday night when the automobile in which she and her husband, were returning to their home after attending the carnival in Cameron, plunged off a low bridge near the Hefley farm on the Maysfield road.

Mr. Key who was driving the car, was only slightly bruised. As the car approached the bridge Mr. Key observed that a vehicle was making its way across the bridge and in attempting to pass the buggy was unable to distinguish in the darkness the exact dimensions of the bridge.

Parties passing the road brought Mr. and Mrs. Key to Cameron to the local sanitarium. At first it was thought that Mr. Key had sustained a broken arm, but this was not sustained by the examination. Mr. and Mrs. Key returned home early Monday morning.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, says a noted authority, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

If you are sick, phone a doctor. If your tire goes bad, Phone 500.

"Smiling" Ralph De Palma dodged his hard luck jinx for the first time this season and won the 250-mile Elgin road race by hurling his speedy Ballot across the finish in three hours, nine minutes and fifty-four seconds—an average of 79.5 miles per hour. Over 70,000 racing fans cheered him to victory.

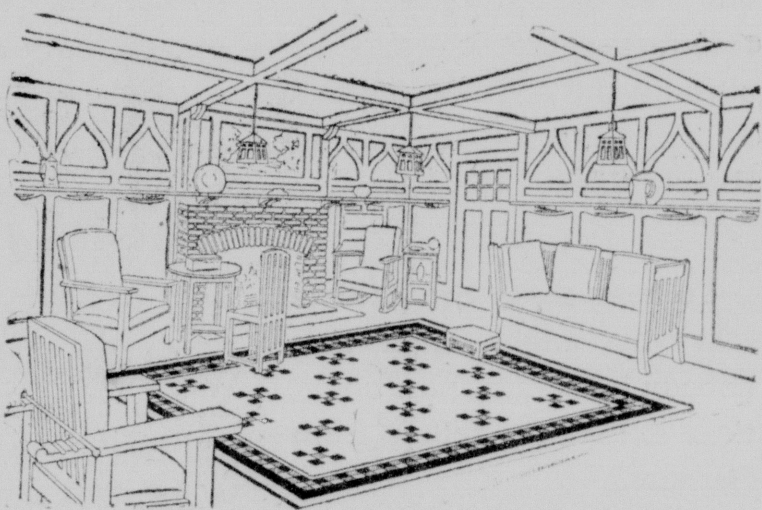

De Palma made a non-stop on Goodyear cords, leading Milton over the finish by one minute and seven seconds. Vainly did Jimmy Murphy send his Duesenberg after his flying team-mate, but only managed to get the checkered flag one minute and 47 seconds behind the "Speed King" and 12 seconds ahead of Ralph Mulford's Monroe. Eddie O'Donnell took fifth place. Murphy's and O'Donnell's Goodyear-equipped Duesenbergs also went the entire race without a stop.

By his sensational feat, the popular driver broke all lap and track records, lowering by seven seconds the lap made by the late Spencer Wishart in 1915 and averaging four miles more an hour than Gil Anderson in his Stutz in 1915. De Palma broke Wishart's lap record of 6 minutes, 18 seconds, four times, making 6:13 on the 19th, 29th and 30th. Victory in the race added 500 points to the 105 De Palma had already scored in this season's races and puts the daring Italian in position to become the premier driver of 1920 should he win at Uniontown, Pa., on Labor Day.

The standing of drivers in the Automobile Association of America championship for 1920 is as follows, counting points made at Elgin: Gaston Chevrolet 1015, Tommy Milton 930, Jimmy Murphy 805, Ralph De Palma 605, and Ralph Mulford 350. A win at Uniontown will allow Milton, De Palma or Murphy to become 1920 champion.

The Elgin race was probably the most remarkable road race ever held in any country in the history of automobile racing. Every car that started also finished, not a stop was made by any car for oil, gasoline or tires, and but one forced stop was made in

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. the entire race. On the second lap Gaston Chevrolet's Monroe came to the pits because of a clogged gasoline line, which took so much time to clear that the Indianapolis winner was placed last, outside the money.

The Elgin race has a deeper significance when its bearing on the development of automobile engine is considered. The 183 cubic inch piston displacement of engines, with but six cubic inches more displacement than a Ford, not only broke all track and lap records set for the course by motors of 405 cubic inches displacement, but also went through the 250 mile grinds without a single engine adjustment.

WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards.

Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New

Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

Look at the roads for twenty miles 'around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing what he is spending his money on, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

That's one thing we like about U. S. Tires.

They make no distinction between the small car owner and the owner of the biggest car in the country.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the very best tire they can give him.

Quality has always been the outstanding feature of U. S. Tires. There's no limit on the U. S. guarantee. All U. S. Tires are guaranteed for the life of the tire.

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

OBREGON RECEIVES LARGE MAJORITY

LEADER OF CONSERVATIVES
CLAIM CANDIDACY UN-
CONSTITUTIONAL

Mexico City, Sept. 6.—Leaders of the Obregon party claim that General Obregon has received 90 per cent of the votes cast for election to the presidency and that his sweeping victory extended to all parts of the Republic.

The Conservative party, sponsoring Candidate Dominguez, however, takes the attitude that Obregon's candidacy was unconstitutional, in that he had "participated in a revolution against the recognized Government" and that, therefore, his election is illegal. They plan to protest to Congress.

The only apparent disturbances reported during the election were in Yucatan, where according to a dispatch to the Excelsior, Socialists staged a demonstration. Several clashes between Socialists and Obregonists followed and scores of the former were arrested.

DIAZ MAKES NEW PROPOSAL TO DE FACTO GOVERNMENT

Mexico City, Sept. 6.—Felix Diaz, nephew of the late President Porfirio Diaz and a rebel leader during the administration of President Carranza, has sent emissaries to this city with new proposals to the de facto Government and General Antonio Medina is expected to visit him soon. Diaz, who has about 250 followers, is said in press dispatches to be maintaining an "expectant attitude."

Plans for the formation of a general army staff will be placed in the hands of Provisional President de la Huerta during the coming week, according to an announcement by General P. Elias Calles. Considerable progress already has been made toward reducing the size of the Mexican Army.

WHERE A BATTERY HAS A CAMEL BEAT

"Nine days without a drink is nothing to a storage battery," says T. C. Whites, the local Willard expert. "I've seen batteries go thirsty two or three times as long as that."

"But the wise man who makes a point of giving his battery a drink of distilled water every time it needs it, to keep the level $\frac{1}{2}$ inch above the top of the plates, will be served with better lights and quicker start and a longer run. There are not many things that a battery needs in the way of care, but distilled water is one of the few necessities."

THE tempting, tantalizing aroma of sugar cured ham sizzling in the pan almost makes a man feel like committing poetry. Ah—but it's the quality that counts and the taste that tells.

Watch for Mr. Happy Party.

HEALTH OFFICIAL INSPECTS WORK OF ANTI-MALARIA MEN

CAMERON ERADICATION WORK
GOING GOOD SAYS DIRECTOR
CULVER IN REPORT

Director Culver of the anti-malaria campaign work in Cameron reports an inspection made this week by E. G. Eggert, sanitary engineer of the State Health Department.

Mr. Eggert says the campaign is satisfactory and good results have been obtained. He suggests that the citizens co-operate in every way possible to assist in the work that the maximum of results may be obtained.

"Now that we have just had heavy rains," said Mr. Culver, "we should get busy and inspect our premises closely and empty the water from every can, bucket and other vessels. See that every tub, barrel and cistern is kept free from wiggletails by covering same with a cheese cloth, or by oiling and screening."

If minnows are wanted for your cistern or other water supply containers call on Mr. Culver and they will be promptly delivered free of charge. You will find director Culver on the job and ready to help on any mosquito problem at any time.

Regarding the extent to which the malaria control movement has spread during the past several years the State board of health has issued the following:

The Malaria Control and preventive measures in the Panama Canal Zone are known to most every one. The notable results accomplished there might be summarized without exaggeration, that the canal would probably not have been constructed without this work.

The Cotton Belt Railway System of Texas through its executives, has created a fund to be used in controlling Malaria among its employees. Work has been conducted in a number of the communities along its lines so brief statements showing results obtained and comparative cost data from the principal Texas points is given below: Texarkana, Tyler and Lufkin, Wilds-hurst and Keltys.

FOURTH OF PEOPLE LIVE IN 68 CITIES

Washington, Sept. 6.—About one-tenth of the people of the United States live in the cities of New York, Chicago and Philadelphia, while more than one-quarter live in sixty-eight cities having a population of 100,000 or more, final statistics of the fourteenth census are expected to show.

The three cities with populations of 1,000,000 or more—New York, Chicago and Philadelphia—have a combined population of 10,145,521, showing an increase of 1,644,347, or about 19.5 per cent, in the ten years since 1910.

Cities having 500,000 to 1,000,000 have increased from five in 1910 to nine this year. Detroit, Los Angeles, San Francisco and Buffalo having advanced into this class.

There was a net increase of two in the cities of the 250,000 to 500,000 class, with a total of thirteen, although six cities advanced into this classification. They are Kansas City, Mo., Seattle, Indianapolis, Rochester, Portland, Ore., and Denver.

There are forty-three cities of from 100,000 to 250,000 this year, a net increase of twelve, although eighteen have shown increases bringing them into this class.

moting this work, and may be referred to for comparative local applications are:

Port Arthur, Orange, Dallas, San Antonio, Marlin, Waxahachie, Sherman and Huntsville.

Quotations from a few of these are self-explanatory, viz.:

W. A. King, City Health Officer, San Antonio, Texas, states: "We had only 5 cases of Malaria reported to this office for 1919. The expense amounts to 16½ per capita."

Eugene T. Crouch, Port Arthur, Texas, quotes under the head of drainage: "We spent \$8,600. In addition we carried on publicity campaigns, in press, among business and social organizations, and the schools. It remains to be said that there have been fewer mosquitoes here this year, I am told, than any time previous. The cost of drainage was 37½ per capita."

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.
Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change there was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

GRAND OPERA AT COTTON PALACE INTERESTS ALL

Texans Everywhere Say They Are Going to Waco to Hear Classics

The principal musical event of Texas this year will be the series of operatic productions staged by the San Carlo Grand Opera Company, the largest traveling organization of its kind in the world, at the Texas Cotton Palace, which opens in Waco Oct. 30 and closes Nov. 14.

This hundred thousand dollar attraction will come to Texas directly from the Manhattan Opera House, New York, after playing twelve weeks, exclusively to fill its seven engagements—five night performances and two matinees—at the Texas Cotton Palace. The cast of seventy-five artists of world-wide fame and its own equally as famous orchestra will open its exclusive engagement in Texas at the Cotton Palace Nov. 2 and will close on the night of November 6.

N. Y. Critic Praises Company While the San Carlo Grand Opera company is known among all lovers of music throughout not only this country, but in France and other countries, the native homes of most of its artists as well, the following lines from a well-known Gotham critic might serve to further introduce it to those not familiar with its work: "In eminence of its leading singers, numerical proportions of orchestra and chorus, extensiveness of repertoire and general completeness of productions the San Carlo company is the most brilliant operatic assemblage that financial outlay and managerial endeavor can possibly bring about."

An official of the board of directors of the Texas Cotton Palace spent considerable time in Chicago, St. Louis and other musical centers looking into the reputation of this noted musical organization and opera company with the result that he found the remarkable successes of the San Carlo Opera company upon its recent tours of the United States and Canada constituting the chief topic of interest in American musical circles.

This organization, according to wires received by the Texas Cotton Palace from some of the most eminent critics in this country, enjoys the distinction of being the only permanently established traveling company in this country. The reputation of the company for meeting every artistic requirement, protecting every obligation, financial and otherwise and filling all scheduled engagements is well known to all who keep in touch with important music and grand opera events.

Classics to Be Produced
Based on the results of the popular state-wide voting contest, the following seven operas will be produced as follows at the Texas Cotton Palace: (Matinee 2:30 p. m. and night performances, 8 p. m.)

Tuesday, November 2 (night) Carmen.

Wednesday, November 3, (night), Lucia di Lammermore.

Thursday, November 4, (afternoon), Faust.

Thursday, November 4, (night), Aida.

Friday, November 5, (night), Madam Butterfly.

Saturday, November 6, (afternoon), Tales of Hoffman.

Saturday, November 6, (night) Il Trovatore.

Owing to the fact that the bringing of this mammoth grand opera company and orchestra to the Texas Cotton Palace will naturally attract state-wide interest and draw lovers of music from all centers of Texas, including El Paso, San Antonio, Dallas, Fort Worth, Houston, Beaumont and other towns, the management of the Texas Cotton Palace has arranged a popular state-wide voting contest to select the operas that will be produced. In this way, the people will get to see just what operas they love most.

Big Cotton Palace Event
In securing this company the Texas Cotton Palace exposition will enjoy the distinction of being the first exposition anywhere in the United States to make grand opera a feature

MEN, TOO, MAY VOTE WITHOUT POLL TAX.—SAYS MCGREGOR

AMERICAN CANDIDATE DE-CLARES 19th AMENDMENT NO DISCRIMINATION.

San Antonio, Texas, Sept. 3.—The nineteenth amendment to the federal constitution effectively repeals section 2 of article 6 of the Texas constitution, and permits both men and women to vote in the coming November election without a poll tax, according to former Senator T. H. McGregor, American Party candidate for governor, here Friday.

McGregor says he has the question investigated and that able attorneys have informed him that if the women are entitled to vote in the November elections without a poll tax receipt, so are the men.

He intimated that his party would test the question in the coming elections.

McGregor said that "the federal constitution specifies that no State shall discriminate as between sex and that to deny the men a right to vote without a poll tax, and grant such right to women, would be a discrimination. He said that the statement being made by some that women will vote without a poll on the same principle that men attaining 21 years of age vote, is erroneous, and is merely stated as an illustration. If his contention is correct thousands of voters will be added to the eligible lists in November.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost "pound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

OAKDALE NEWS

By Mrs. S. Hause

Oakdale, Sept. 6.—Mrs. Lettie Shelton went to Cameron Sunday evening, and will go from there Monday evening to Belton to attend the Institute.

Mr. Jim Spraberry of Bell county, has rented the Sid Hause place and moved some of his things Saturday and will move along as he gets a chance. He has lived here before and we know what kind of neighbors they make, and will be glad to have them with us once more.

Mr. and Mrs. A. W. Belt has been having bad luck. First, Mrs. Belt has been sick a great deal. The other day they had a horse to stick something in his foot, and the other horse got cut bad with a wire, and little Vivian stuck a nail in her foot. ALL STATES TO BE REPRESENTED AT COTTON PALACE

Governor's Daughter and Other Prominent Women To Attend

Practically every state in the union will be represented by one of its fair daughters at the Texas Cotton Palace, Waco, which opens its eleventh annual consecutive state-wide exposition October 30 and closes November 14.

Following recent invitations to all state executives from Governor W. P. Hobby, to select a belle to represent that particular province at the queen's ball as a princess, letters have been flooding into the governor's office. He has forwarded the replies to President W. V. Crawford of the Texas Cotton Palace and some of them have been made public.

Lowden's Daughter Coming

Governor Frank O. Lowden, of Illinois, and a candidate for the republican nomination for president of the United States, replied that he would send one of his daughters to the exposition.

In his letter to Governor Hobby the Illinois executive recalled his visit to Texas during the war, saying: "Having so pleasant a memory of my own visit to Houston during the war, when I was so tremendously impressed with the hospitality of your people, I have decided to designate one of my own daughters, either Miss Florence or Miss Harriet Lowden to represent Illinois at the Texas Cotton Palace."

Dorsey to Send Niece.

Governor Hugh M. Dorsey, of Georgia wrote that he "took great pleasure in replying with this request." He named his niece, Miss Mary Faith Yow, of Lavonia, Ga., who has also accepted to represent that state.

Through the participation of these princesses from practically all the forty-eight states, the queen's ball this year will be even a more brilliant and important social function that it has been in the past.

For ten years now this social affair has drawn fair damsels and their proud parents from all parts of Texas. And this year it will draw them from all parts of the country, as it is quite probable that the distinguished mothers and fathers of the charming princesses will act as their chaperones on their trip to the Lone Star state.

FASTEST AUTO RACERS IN COUNTRY TO DRIVE AT TEXAS COTTON PALACE

With the lure of the race track dying out in many sections of the country, the automobile speed-demons are rapidly getting a grasp on public favor.

Some of the most popular motor drivers of the country will be brought to the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14, this year.

No matter what the rival attraction should happen to be, the drivers of these gas machines never fail to bring out a crowd.

There's an unexplained something about this thrilling sport that appeals to both the young and old alike. And they will find their wishes granted in the honest-to-goodness races that will take place at the Cotton Palace this year.

For Boys and Girls

Boys and girls on the farms of Texas will find educational entertainment features well worth their while at the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14. Many features are being provided for them. And after they've seen the instructive side of the big Texas exposition, of course they'll want to spend the remainder of the day at scenic railway, whip, ferris wheel and other appealing amusement devices.

Your Neighbors

Why not spend the sixteen days from Oct. 30, when the Texas Cotton Palace opens at Waco, to Nov. 14, when it closes, at this great exposition with your neighbors?

BUCKHOLTS NEWS

Buckholts, Texas, Sept. 6.—Mr. J. B. Rector was in Waco last week. Misses Jennie May and Anita Reeder will return this week to their home in San Antonio, after spending the summer with their grandparents.

Mr. J. C. Hendrick of Rogers was here last week to attend to business matters.

Mr. Fred Walker, who teaches in the State Normal at Alpine, is home to spend his vacation with his parents, Mr. and Mrs. George Walker.

Miss Alice Ford of Cameron is here a guest of her cousin, Miss Gladys Harris.

Miss Mildred Allen was shopping in Cameron last week.

Mr. Archie Black of Jones Prairie, was here to see friends during the week end.

Mr. Pierce Collins of Cameron was here last week repairing the Battens at this place.

A message was received last Friday from Mr. and Mrs. Will Stacy, former residents of this place, but now of McAdoo, saying that their three year old son, J. T., died Thursday from diphtheria. The many friends of Mr. and Mrs. Stacy deeply sympathize with them in their sad bereavement.

Mrs. Frank Stach was a Temple visitor last Monday.

Miss Aubyn Hitt was in Cameron Saturday.

Up to September 1, 1919 there had been thirty bales of cotton weighed by Mr. Jack Barnes, the public cotton weigher and also weigher at the Farmers' Warehouse. Mr. Barnes states that up to September 1, 1920 he had weighed eight hundred and forty bales.

Dr. J. Z. Young is in Galveston, where he is undergoing treatment at the sanitarium. Mrs. Young accompanied him and will be at his bedside until he is able to return home. A message was received Saturday stating that Dr. Young's condition was slightly improved.

Little Miss Inez Oliber is in Caldwell to visit relatives.

The merchants at this place did an unusually large business Saturday. It became necessary for them to increase their force by two or three extra sales people.

Mr. H. Hartsfield was in Cameron the latter part of the week.

Among those from this place who attended the revival conducted at Rogers by Rev. B. B. Crimm were: J. B. Rector and family, T. F. and D. R. Criswell and families, Mr. and Mrs. H. H. Harris and daughter, Ed Kollar and family, D. S. Rogers, J. W. Meyer, Mr. and Mrs. Dee Fikes and son, Ben Oliver.

CITATION

To the Sheriff or any Constable of Milam County, Texas:

You are hereby commanded to summon Beatrice Davis by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be held at the court house thereof in Cameron, on the 6th day of September 1920, the same being the 1st Monday in September 1920 then and there to answer a petition filed in said court on the 25th day of August 1920, in a suit, numbered on the docket of said court No. 8249, wherein L. Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 25th day of Aug. A. D. 1920.

PENN WOLF, Clerk of the District Court, Milam County, Texas. 18-4t.

CRACKSMEN ENTER REINHARDT BANK

ONLY \$16 IN CASH OBTAINED BY THIEVES FRIDAY NIGHT

(Dallas News)

In a calm manner, which allowed the smoking of many cigarettes and otherwise deliberate conduct, safe-crackers spent some time Friday night and morning in an effort to open the main vault of the Guaranty State Bank at Reinhardt, and secured \$16 in cash after rifling the safety deposit boxes of the bank.

The vault, in which approximately \$5,000 in cash and securities was kept, withstood all the efforts of the cracksmen, as it is one of the latest type of safes and can not be opened with the use of nitroglycerine and only an acetylene torch can make any impression on the steel.

The thieves gained entrance to the bank by cutting the bars of the window in the rear of the building, and they dug through the brick wall leading to the vault. The job has the earmarks of amateurs, although unmistakable evidence was found of an "outside man" in the rear of the structure. The robbery bears close resemblance to the safe-cracking at Plano and Murphy several months ago. The store of B. U. Euckert was entered and a few cigarettes and other minor articles were taken.

An investigation is being made by Sheriff Harston and several city detectives.

Authentic
Decrees
for
Autumn

Crisp Autumn Days

Autumn marks an alertness in the air, an enthusiasm and eagerness for the crisp, golden days to come. This store, anticipating the needs of its patrons in advance, has prepared an Autumn Exposition of authentic apparel modes.

Frocks Are Versatile

So Testify the Numerous
Smart Modes

Indeed the mode allows one to be severely tailored or delightfully feminine, and mostly the latter, for it would seem Fashion could not resist the temptation to be lavish with embroidery, iridescent beading, stitchery and all the devices known to the clever designer. Russian, chemise and redingote lines prevail for frocks in general, while in the more elegant afternoon gown bouffancy still holds sway. Tricotine, twills, duvetyn, velours and a host of new and lovely fabrics make a delightful task of choosing an Autumn Frock.

Wraps Envelop One

With Luxury and Warmth

So delightful and snugly are the new Wraps—and Wraps they are in the majority, too, with a lesser sprinkling of Coats. Huge collars, waist-length capes, fur trimmings, soft and luxurious fabrics are distinctive features of our large stocks. Strolling through this section one sees women already selecting handsome Wraps for street, for general utility wear, for the dressy occasion and for motor wear.

Beautiful Fall Fabrics

An Inducement to Much Sewing

Whatever her costume need, for the woman who prefers the individuality of apparel made especially for her by tailor or modiste, there is a galaxy of fabrics in silk or wool from which to evolve all manner of smart clothes. And while selecting fabrics for the frock, the suit, the blouse or the wrap an inspection of this Store's collection of laces and trimmings offers many suggestions when one is seeking fur-below that are clever and new. Patterns likewise are dependable in cut and authentic in style.

Satisfy That Longing for A New Suit

Every woman looks forward to wearing a suit in Autumn and particularly this year for the long slim lines found in the new Suits are those to which every woman aspires. Suits of tricotine and fine twills have braid and embroidery trimmings while many have the ultra smart collars that Paris smiles upon.

Formal Evening Attire

That is New and Interesting

Paillettes that twinkle on cobwebby foundations of rainbow colored tulle, brocades stiff with gold and silver, bouffancy, laces, and delectable colors run riot in the modes for evening affairs and the dance. Half the pleasure of the first lovely parties of Autumn is the knowledge of being perfectly gowned, and Fashion's dictates as delineated in this Store's collection of formal evening modes are indeed charming.

New Hats that Hint of Paris

In Their Careless Nonchalance

Perhaps in the careless grace of draped duvetyn, the placing of a miniature jeweled dagger, or the angle to a coque feather lies the spirit of a smart Hat. To put one's finger on the exact charm is impossible. It is enough to know that there are Hats here for the most exacting of tastes and in a wealth of styles for all the times when one's Hat must be chic and different and all that is to be expected of the chapeau.

Attractive Luggage

Adds to the Pleasure of Traveling

Those who expect to travel this season will do well to consider Luggage a part of their Fall wardrobe. These Handbags and Trunks will meet the youthful refined taste of the college Miss going away to school, as well as the exacting requirements of seasoned tourists. They are attractively designed and finished, convenient and roomy, and of strong construction.

"Trifles Make Perfection, But Perfection Is No Trifle"

—an Old French Epigram Applicable to the Art of Dress—

The matter of corsets is not at all serious when one has been properly fitted. It can be forgotten completely. Justice to new fall apparel demands that you attend to this detail.

Of gossamer texture is the hosiery created for wear with Autumn attire, and to the beauty of fine silk is added intricacy of allover design, lace insets, clever clocks of drop-stitch effects. One must have many pairs of lovely hose to complete the fall costume.

A Spanish comb atilt in one's hair surrounds one with an air redolent of the land of sole-eyed senoritas and romance in general, and for evening is delightful.

To powder one's nose are neat little vanities containing compact powder. And, if one desires, there are little combination cases with rouge and powder and a mirror in which to gaze at the results of one's handiwork.

Toast is the shade found in the smartest of neckwear. Hardly a coat front but boasts of cascade of tinted laces and net or fine batiste. When it is only a question of vestees one may have a pleasing variety to break the monotony of the suit.

A film of veil to keep one's hair in order but also to give the finishing touch to the costume. A properly adjusted veil stamps the final cachet of good grooming to the ensemble whether it is worn trig and close or floating.

Cap a pie in furs is the mode. Luxuriously rich Wraps and Capes tempt one, and not unwisely, to prepare for chilly days by making an early selection.

Trifles fashion smiles on are to be found in the form of smart umbrellas; printed handkerchiefs; hand bags of beads, leather or fabric—severe or frivolous as one prefers; elusive fascinating French creams, perfumes and powders; lacy and be-frilled bits of lingerie; beads and feather fans and so on ad finitum.

BIGGER PREMIUMS OFFERED FARMERS BY COTTON PALACE

**Blooded Stock From Big Texas
Ranches Will Be Sent
To Waco**

A bigger show for farmers and a bigger and better entertainment for the farmer and his family is primarily the program of the Texas Cotton Palace this year.

As well as the premium list being considerably increased, the amusement end of the 1920 Cotton Palace has also been arranged with the farmer in view.

Agricultural exhibits from east, west and south Texas will form a part of the mammoth display that will be arranged in the spacious buildings shortly before the show opens on October 30 and which will be a drawing attraction throughout the sixteen-day period that the Texas Cotton Palace is maintained.

Competitive Exhibits

According to present arrangements a triangular competitive contest between east, west and south Texas for prize exhibits will add interest to these agricultural displays. The different district chambers of commerce and agricultural bureaus of chambers in the various towns are interesting farmers in their especial territory in this progressive step.

The extension department of the A. & M. College, which has supervision over 150 county demonstration activities in the state, has agreed to supervise a representative Texas Cotton Palace agricultural production. The extension department's showing has always drawn considerable attention at Waco and it is expected that it will win more favor this year, as increased effort is being put into the gathering of this great collection to put into Texas' farm show-window, the Cotton Palace.

Bigger Livestock Show

This year's Texas Cotton Palace livestock show will also be bigger than ever before.

The barns at the edge of the track which have been maintained for years to stable race horses brought to the Palace, are being converted into sheds to shelter the swine and cows and mules that will contest for honors this year.

Carefully raised prize-winning Jerseys, Herefords and other blooded cattle will be brought to the Cotton Palace from all parts of the state. And owners of famous stock farms in Iowa, Illinois, Oklahoma and other states will also enter their favorite cattle at the Texas show.

The King and Taft ranches probably will send large exhibits of blooded stock to the Cotton Palace this year.

Premium Price Increased

Approximately \$15,000 will be expended for prizes. This amount has been increased by nearly \$5,000 in comparison to that offered in previous years.

This year's Texas Cotton Palace offers honors for poultry, rabbits and other small animals, as it has in the past.

ALL RAILROADS GRANT EXCURSION RATES TO TEXAS COTTON PALACE

Recognizant of the importance of the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14, as an instructive agricultural as well as entertaining social gathering place for thousands of Texans, all railroads have agreed to offer reduced rates as an incentive to prospective Texas Cotton Palace visitors.

A fare and a third for round-trip tickets will be offered. These tickets will be good for stop-overs during the entire sixteen days the exposition will be in operation.

Vets of the Khaki

Texas' former soldiers will find the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14 an appropriate place to meet their former comrades and spend a few days with them enjoying the festivities and talking over the days of darker times.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

August 31st.—Geo. Middleton was in Caldwell part of last week. Joe Yeager spent Saturday in Rockdale.

Harry Woody was in Thrall a few hours Sunday afternoon.

Miss Doris Hutson of Rockdale is a guest of relatives here this week.

Master Bill Outlaw is in bed at present from an attack of appendicitis. He was taken to Cameron hospital for surgical attention but upon examination he was found to have, also, bronchitis and not able to undergo an operation. He was reported much better at present writing.

Miss Ruth Kirkman returned Monday from her summer vacation in Colorado.

Mr. J. M. Gilchrist had the misfortune to lose a fine cow Sunday.

J. D. McNeil and family and Mr. Mrs. J. R. Foster motored up from Rockdale and spent last Sabbath in the home of J. S. Woody and family.

Master Wilburn Guthrie is listed with the sick this week.

Mr. and Mrs. John Kulp and children were trading in Thorndale Saturday.

Roy Woody, wife and little daughter of Palestine are guests of relatives here this week.

Harrell Kirkman and family were visitors in Thorndale Saturday.

E. M. Perry has been on the sick list for several days.

Dr. Roepke of Thorndale was in our community Sunday.

Mr. Max Cummings has been very much incapacitated for transaction of business the past several days, because of an almost total loss of eyesight.

The ladies of the Christian Church gave a box supper in our village Friday night. A large crowd attended and \$123.00 were collected. The boxes ranged in price from \$1.00 to \$6.00 and purchasers felt value received for their money. The proceeds go as an addition to the fund for furnishings for the new church, soon to be erected.

Mrs. Nola Porter of Belton visited relatives here last week.

DeLeslie Richardson was a visitor to Houston last week end.

Our voting boxes, San Gabriel and Ellison Ridge, lined up with the majority of Texas voters and gave "the Hon. Patt Neff" a handsome lead.

Dr. Lee was over from Thorndale one day last week.

A child of Mr. Thompson is quite ill at present.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

GRAHAM-SMITH

Mr. George Graham and Miss Lillian Smith of Ben Arnold were married Saturday evening at the Methodist church in Cameron at eight thirty o'clock, with only a few friends present.

The couple left Saturday night for Fort Worth, where they will spend a few days with his mother.

They will make their home in Wichita Falls. (A Friend.)

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

SUCCESS

*The Reward of
Persistent Thrift*

Persistent Thrift is not difficult—simply adopt a definite plan of saving and arrange your mode of living to meet it.

One of the best methods to accomplish this is to make an allowance for each item of necessary expense, confining your expenditures within this limit.

Our Bank will be glad to talk this matter over with you.

BUICK

Emblem of Satisfaction

STURDILY built—designed for power and dependability, possessing grace and beauty in every line—the new Buick Nineteen Twenty One series signally upholds the traditions that have made the name Buick a notable word in the automotive industry.

Two decades have more than justified the unwavering fidelity to the accepted engineering ideals to which Buick stands committed. The same rugged Valve-in-Head motor refined is a distinguishing feature of every model.

In appearance, the Buick Nineteen Twenty One series is notable for

the harmonious blending of low, graceful body lines; in appointments, for those added refinements that so materially increase the pleasure and comfort of motoring.

In addition to the general features of the new models the Buick Five-Passenger Touring Car (Twenty One Forty Five) possesses a roominess of tonneau and new arrangement of seating that afford occupants the utmost in riding comfort. For the business man or his family; for the needs of city driving or country driving, this model excels because of its capacity for varied service.

Fear Bandit Plague is Again Sweeping Over The State

Graham, Texas, Sept. 7.—While a brass band was playing within a block of the building, three men robbed the Guaranty State Bank of Graham of \$10,000 in cash at 2:30 this afternoon. The robbers entered the bank and forced five of the employees and two customers who were at the window into the vault and then made Arthur Mauldin, cashier of the bank, open the safe and deliver to them the available cash. After the money had been placed in a sack which the robbers brought with them they demanded Liberty bonds. Mr. Mauldin said the bank had no bonds, as it had been in business only a few months, during which time none had been acquired. Mr. Mauldin was then placed in the vault with the other employees and the robbers left town.

Only one of the men wore a mask and he removed it before the robbery of the bank was completed. In ordering the young lady stenographer into the vault, one of the robbers apologized for his act but explained that he had to play safe. The bank's loss is fully covered by insurance.

It was about fifteen minutes before Cashier Mauldin and the other employees who were locked in the vault managed to secure their release. Immediately after releasing himself Mr. Mauldin gave the alarm. It was learned that the robbers left town on the road leading to Mineral Wells.

The Sheriff's department was notified and a posse left in pursuit of the robbers, who are believed to be traveling by automobile. It was learned late this afternoon the robbers evaded the officers by taking to the woods near Finis, after which they drove to Finis and obtained information as to the direction the officers were traveling. Finis is fourteen miles south of Graham.

All roads leading out of Finis are heavily guarded tonight.

Mr. Mauldin has offered a reward of \$250 for the arrest of the men.

Graham, Texas, Sept. 8.—The trail of the three bandits, who robbed the Guaranty State Bank of Graham of about \$8,500 in currency Thursday afternoon, was lost in the brakes between Jacksboro and Mineral Wells

late last night and the armed posses had been unable to pick it up today.

At one time the pursuers were within a mile of the fleeing bandits, but all trace of them was lost in the rough rocks of the hilly country, and by morning all clues to the course of the robbers had disappeared. Once during the night the night the bandits' auto was seen by a farmer and it still going in the direction of Mineral Wells and Fort Worth.

Good descriptions of the robbers are in the hands of the officers and posses and have been wired in all directions from Graham. The trio had become familiar by sight to many residents of Graham before the robbery, though no one here appears to know their names or to be able to tell where they stayed at night. It is presumed they had a camp on the outskirts of the city. Two of the bandits were first seen on the streets three days ago and the third was noticed two days ago.

Two Dressed as Cowboys

The auto they used in making their escape was a Buick six. It had yellow wheels and had an extra casing roped to the rear. The machine appeared to be in good condition and often stood on the streets for several hours at a time. Two deputy sheriffs at Graham say they can identify all three of the bandits.

Two of the bandits were dressed in cowboy style, while the third was clad as an ordinary auto traveler and none of them excited more than usual attention.

FERGUSON WILL OPEN CAMPAIGN AT DENTON

Denton, Texas, Sept. 4.—James E. Ferguson, former Governor and endorsed at Fort Worth for the Presidency by the Texas American party, of which he is the head, will deliver the opening address of his campaign for the party and its nominees here Saturday afternoon, Sept. 11, at 2:30 o'clock.

This information was contained in a letter to E. Cocanougher of Denton from J. H. Davis, Ferguson's secretary.

The American party has a candidate for Governor in the person of T. H. McGregor of Austin and has candidates for Congress in several Texas districts, as well as county tickets in some South Texas counties.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

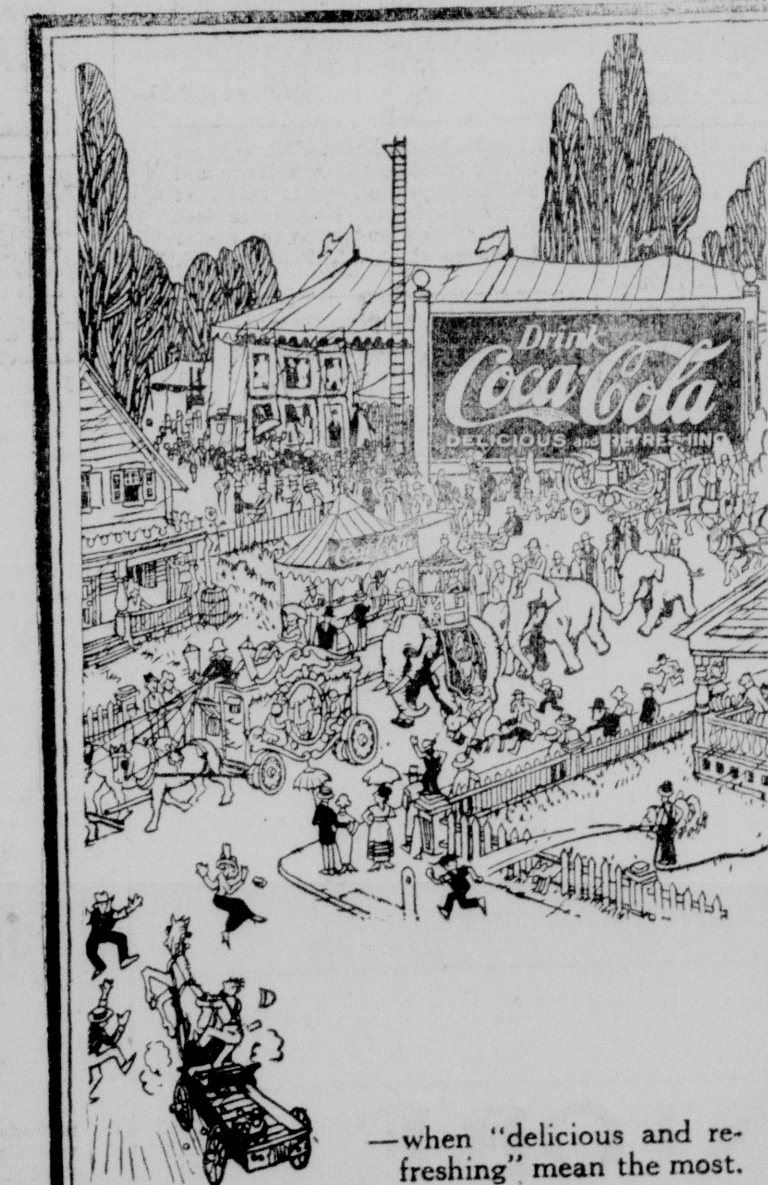

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

CAMERON CITIZENS URGED ELECTION OF HON. T. S. HENDERSON

LOCAL ATTORNEYS AND TEXAS
DEMOCRAT MENTIONED FOR
CHAIRMAN OF STATE
COMMITTEE

Following the published story in the Fort Worth press Monday that Hon. T. S. Henderson of Cameron with P. W. Seward of Fort Worth were being talked of as successor to M. H. Wolfe as Chairman of the State Democratic Executive Committee on the eve of the Democratic convention a telegram was forwarded to the convention in care of Mr. Wolfe in which several hundred citizens concurred urging the election of Mr. Henderson.

Mr. Henderson and Mr. Seward were mentioned as prominent in Democratic circles as well as representing the so-called "new guard," which was slated by some to take control of the Democratic machinery because it was practically certain that Mr. Wolfe would retire.

All of the "old guard" democrats sometimes referred to in the campaign as the "political oligarchy" by those opposing Neff, were against the McLennan democrat in the first primary and supported Thomason. The dopesters set forth the argument that a change while not urged by Neff certainly would not be objected to.

The so-called "new guard" had recommended that Luther E. Johnson of Corsicana be elected to preside at the opening. This was approved by the committee in action Monday night.

Mr. Henderson is an original Neff man, having supported the Waco democrat in the first primary and helped to carry Milam county by more than two to one for him in the August primary.

Because of his wide experience in Democratic affairs of Texas and ability he had attracted convention delegates and in accordance with the trend of events Cameron citizens and his fellow townsmen sent a telegram placing his name in nomination before the convention.

The telegram is concurred in by all Cameron but for the lack of time it could be signed by only a few representative citizens as it was sought to place the message in the hands of Mr. Wolfe by the time the afternoon session began.

Following is the telegram as written by Judge W. G. Gillis:

To the Democratic State Convention:
Fort Worth, Texas.

"Milam county which gave a majority of over two to one for Neff and democracy presents the name of T. S. Henderson for Chairman State Democratic Executive Committee."

Signed: W. G. Gillis, Giles L. Avriett, J. B. White, L. L. Blaylock, Judd G. Davis, John L. Denson, Oxsheer Smith, Rush A. Thomas, B. B. Blaylock, Royal P. Jeter, A. W. Luckett, A. N. Green, B. P. Atkinson, C. W. Lawrence, Hubert Hefley, S. A. Cottle."

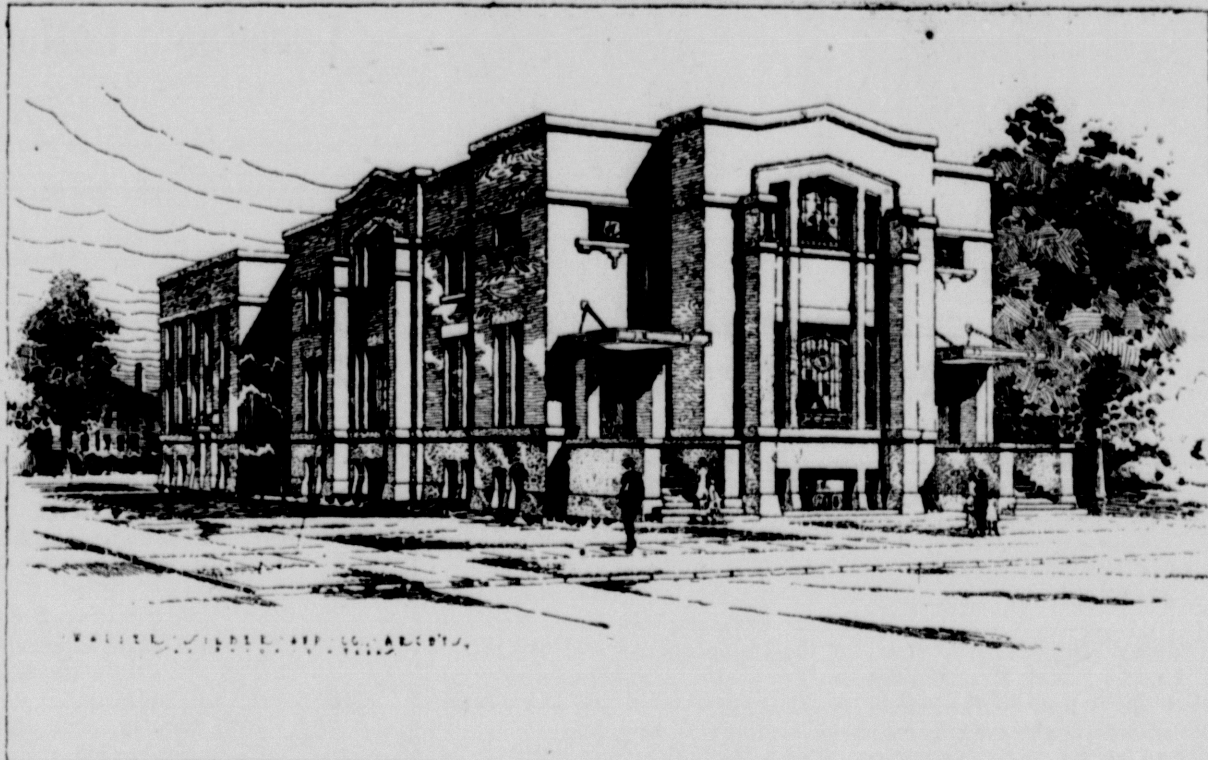

TRACTOR FORCE IS BACK FROM TWO DAY NAVASOTA MEETING

CHAMBERS-HEFLEY MOTOR CO.
PROFIT BY DEMONSTRATION
TO FARMERS

The two day Fordson tractor demonstration held in Navasota Sept. 2 and 3 under the auspices of the Houston branch of the Ford Motor Company is declared by H. W. Hefley of the Chambers-Hefley Motor Company to have been one of the most successful farm power demonstrations ever held in this section of Texas.

Mr. Hefley, accompanied by Mr. Oxsheer Smith, President of the Citizens National Bank, and Clyde Franklin, tractor clinic for the Chambers-Hefley Motor Company, returned Saturday from Navasota. Mr. Smith went in response to an invitation extended the bankers of this district. Mr. Franklin holds a responsible position with the company and will be engaged in promoting tractor sales this fall.

MODERN NEW EDIFICE FOR METHODISTS IN CAMERON WILL COST \$100,000

As the New Church Will Appear When Completed

A triumph for Methodism in Cameron the \$100,000 church building, construction contract for which has been awarded is a constructive achievement that all Cameron applauds. It will not only be one of the most modern church buildings in Central Texas but will equal many of the buildings to be found anywhere in the country. The church will be equipped with an electric organ; movable stage for tavelogue pictures; athletic room; showers and many other modern features. Waller, Silber & Co., 507 Bedell Building, San Antonio, Texas, are the architects and the photo is presented through their courtesy.

RIFLE SHOT FATAL TO THREE YEAR OLD BEN ARNOLD CHILD

LITTLE JOHN SPOULL MEETS
TRAGIC DEATH WHILE PLAY-
ING IN FAMILY HOME AT
BEN ARNOLD

Little John Spoull, three year old son of Mr. and Mrs. Claud Spoull, died in Cameron at 10:30 Sunday night at a local sanitarium as a result of a rifle wound in the forehead accidentally inflicted Sunday morning at 11 o'clock in the yard of the family home near Ben Arnold.

Reports are that the children were playing in the yard with a small rifle, probably a 22 calibre, when the wound was inflicted which proved fatal to the little boy.

The little boy was rushed to the local sanitarium with the hope that an operation would save his life but his condition was beyond aid and after examination it was disclosed that the wound was of so critical a nature as to make his recovery impossible. He died at 10:30 Sunday night only a few hours after his arrival at the hospital.

Funeral services were held in the Ben Arnold Baptist church Monday by Rev. B. B. Blaylock. The remains were laid to rest in the Ben Arnold cemetery Monday afternoon.

The demonstration was held for the benefit of the dealers, more than fifty of whom were in attendance. The city of Navasota entertained the dealers at the country club and a speech-making program was staged and many educational talks made for the benefit of the dealers. A representative of the plow branch of the factory was on hand as the only manufacturer to attend the meeting.

Mr. Hefley announced on his return here that the company will employ a special salesman to conduct demonstrations and to place these tractors on the farms of the company territory. Mr. Hefley believes this is a day of progress on the farm and is urging that the farmer adopt the same business-like methods as a jobber, merchant or manufacturer use to promote their production and transportation.

Plowing requires more power than any other problem on the farm. Soil preparation is important and every successful farmer values the proper breaking of the soil before planting the crops. The tractor not only answers the soil preparing problem but meets the active demand on the farm

Contract Awarded For Modern New Church

Imposing Edifice for Cameron Methodists to
Cost \$100,000---Construction to Start As
Soon as Material Can Be Assembled

The new church building to be erected by the Cameron Methodist Church will cost approximately \$100,000 when complete and will be one of the most modern and well equipped churches in Texas.

It represents the achievement of plans laid by a church with a vision and will express magnificently the progress which has been made by the local congregation of a great religious body. It represents more than an architectural triumph for in this new edifice is comprehended the Christian ideals of a religious citizenry whose steadfast labor has borne lasting fruits through more than five decades.

The new edifice great in architectural design and of inestimable material and civic benefit to Cameron is much more a treasure for the inspiration it develops for religious activity in the city. With its modern design and equipment the activities of the church will be facilitated in such a manner as to make progress more ready and church life more pleasant.

Contract for the construction of this building has been awarded and it is announced that work will begin as soon as material can be placed on the ground.

The pastor, Rev. Ira F. Key, has been in Cameron directing the church less than a year. His ministry here has won for him a large place in the religious and public life of Cameron. He is progressive and believes in progressive methods for the church as in business. Into the new church plan has been incorporated many of his ideas and singular knowledge of the needs of the church.

The church building will be of concrete and brick and will be thoroughly fireproof. The auditorium capacity will seat over 800 people with a Sunday school capacity of 1000 or more.

In the woman's department will be a kitchenette. It will also have a

for various power tasks needed in cultivation and the storage of crops, ensilage and operating minor stationery machinery.

It is safe to say that the time will come—and that very soon—when every farmer will own and operate tractors. The transition from the old to

large Sunday School assembly room on the ground floor. One of the most modern features will be the movable stage for tavelogue pictures. A picture machine will be installed in the church.

The men's department will be equipped with shower bath and an athletic room with equipment sufficient to take care of a scout troop.

The building will be heated in winter and ventilated in summer by the most modern of blast air systems.

A feature of the church will be the music. An electric organ will be installed. The interior will be trimmed in quarter-sawn oak, including the pews and the organ case. This will be carried out in a beautiful silver gray finish.

All of the memorial windows in the old church will be remodeled and installed in the new church.

The balcony in the main auditorium will seat near 300 people. The exterior will be of face brick of the very best make. A portion of the exterior on the bottom floor will be of concrete. Art glass windows will be installed throughout. There will be two front and two side entrances. The awnings will be of bronze. The building will front south in line with the federal building. In the rear will be reserved a space for open air meetings or for addition to the church.

The architects are Waller, Silber & Company, 507 Bedell Building, San Antonio. Mr. Silber, who was in Cameron this week and will personally superintend the construction.

Following contracts have been awarded: Heating Moncrief Furnace and Manufacturing Company, Dallas; Seating, Manitowac Church Furniture Company, Waukesha, Wis.; General Contractor, J. E. Johnson Construction Company, Waco; Plumbing, Geisler & Vosnig, Waco; Electric, Martin Wright, San Antonio, Art Glass, Dallas Art Glass Company, Dallas.

The new methods of farming will be rapid within the next few years.

The tractor has proven its value and The Herald is deeply interested in seeing a wide distribution of them on the farms of Milam county.

Mr. Henry Peevehouse of Temple, was in our city Sunday.

Lone Bandit Robs
Uvalde Bank of
\$6,500 in Cash

San Antonio, Texas, Sept. 8.—A lone bandit held up the First State bank at Uvalde, Texas early Wednesday morning and escaped in an automobile with \$6500.

He appeared at the bank shortly after 7 o'clock when the negro porter arrived and compelled the porter to telephone the assistant cashier to come to the bank. When the latter appeared the bandit held him and the porter until the time lock on the vault permitted it to be opened at 8:30 o'clock. After taking the currency available the bandit locked the assistant cashier and the porter in the vault and walked to his car, which had been left standing a block away. Officers from Uvalde and San Antonio are searching for him.

NEW PHOTO PLAY HOUSE IN CAMERON BY OCTOBER FIRST

TEXAS PHOTO PLAY ASSOCIATION
GETS LEASE ON BUILD-
ING AND LETS CONTRACT

The Texas Photo Play Association of Fort Worth will open a motion picture house in Cameron on or about October first, according to the announcement of A. D. Powers of Fort Worth, who was in Cameron Tuesday looking after the details.

The show will be located in the Henderson building formerly occupied by the Wilkerson Brothers Garage, which was recently purchased by F. A. Brock and T. R. Vaughn and leased by the photo play association.

The building will be remodeled throughout. The front will be touched in plaster with four arched entrances and strung with more than a hundred electric lights. The main entrance and booth floor will be laid out in cement. The show will have an upper floor to seat about 150 people. The main floor will seat about 300 people.

When completed the show according to Mr. Powers will represent an expenditure of about \$15,000.

L. C. Boyd will be the local manager with an interest in the company. All pictures will be booked at the Fort Worth office. Already \$1200 worth of films has been booked for the first 13 weeks of the show. The show will be operated day and night. A uniform price will be charged and the price, says Mr. Powers will never be above 10 cents for children and 25 cents for adults, no matter what the attraction.

All equipment is to be installed in duplicate. The screen will be of the gold fibre type and there will be four exhaust fans and 8 wall fans to cool the building. A special light system will be installed.

A pipe organ equal to any in this section of the state will be installed. Music appropriate for all pictures will be played. A musician will be employed to operate the organ.

The general contractor for the building is Joe Walston; Lyn Smith has the painting and decorating contract; J. R. King is the plaster contractor and A. W. Luckett the contractor for electrical equipment.

FREE SHOW

Friday evening at 7:30 on the Court House Square a free entertainment will be given especially for wives, mothers and daughters. H. D. Rucker, the Korak Chieftain, assisted by Mr. LaDell and his wife, will take pleasure in not only entertaining the citizens of Cameron with clean comedy but Mr. Rucker will give a vivid description of his life among the Normadic tribes of Kamchatka, Siberia.

PLATFORM DEMANDS ARE PROGRESSIVE

AGRICULTURAL COLLEGE PRO-
JECT LOST IN STATE DEM-
OCRATIC MEETING

Fort Worth, Tex., Sept. 8.—The closing session of the Texas democratic convention marked the first important fight on the convention floor this afternoon when delegates from West Texas lost their fight in which they were seeking to have the convention recognize officially the proposed West Texas agricultural and mechanical college by a vote of 522 to 378.

A platform making twenty-five definite demands on the 37th legislature for progressive legislation was adopted with no fight on any of its planks. The West Texas A. & M. proposition came as a minority report from the resolutions subcommittee and was an effort to amend the platform as submitted.

Frank C. Davis of San Antonio, was elected chairman of the state executive committee, J. I. Kircheville of San Antonio, vice chairman and the position of secretary was left open, to be filled at the discretion of the chairman, who announced he contemplates the selection of a San Antonio man.

The committee passed a resolution empowering each committeeman to appoint a woman assistant in each senatorial district.

The rest of the day's session was confined to a speech by Governor William P. Hobby and the address of Pat M. Neff, governor-elect.

Subscription to national democratic campaign fund reached a total of \$43,250, with Dallas county leading with a subscription of \$6,000.

Outstanding planks in the platform demand of the legislature providing suffrage for citizens only, educational inquiry and extension legislation for all schools, colleges and eleemosynary institutions, amendment to the minimum wage law for women and to the workmen's compensation act, and a revision of state department bureaus, with clear cut definition of the duties of the secretary of agriculture and giving to the control of the Texas A. & M. college all agricultural activities of an educational nature.

CALVERT YOUTH LOSES LIFE IN RIVER NEAR BRYAN LAST MONDAY

Word was received in Cameron Tuesday of the death of Clifton Tyson, fifteen year old son of Mr. and Mrs. Clifton Tyson of Calvert, who was drowned near Bryan Monday.

Details of the drowning could not be obtained but it was said that the tragedy occurred in a local swimming pool in Bryan. He was visiting relatives in Bryan at the time of his death.

DRILLING CAMPAIGN IN TRACY FIELD

Temple, Texas, Sept. 8.—The Dixie-Winner Drilling company have their field engineer, Mr. Nichols, and his crew busily engaged in surveying and laying out sites for the next eight wells they will drill on the Davis tract. This company's well No. 2 has been finished and is being rigged with a pump. The Dixie-Winner people report that contracts have been offered, and which they will accept, for the drilling on contract of one or two deep wells about five miles from their present holdings.

The Texas Eagle company and Johnston and company are actively working leases adjoining the Dixie-Winner property.

GRADUAL SELLING OF COTTON URGED

FARMERS IN DALLAS TALK
OVER THE MARKETING PROBLEM IN THE SOUTH

A gradual and a rational selling plan for cotton, bonded cotton warehouses in every cotton growing precinct in Texas, the abandonment of the lowest grade of cotton to the soil as an energizer and a curtailment of the acreage devoted to cotton in the state by fully one-third. These were offered as panaceas for the present economic stress in the cotton growing countries. Wednesday at the all-day meeting in the auditorium of the Dallas Municipal Building. Between 800 and 1,000 farmers, bankers and merchants crowded the auditorium. Nathan Adams, president of the Texas division of the American Cotton Association, called the meeting to order at 10 o'clock.

Not only was the four-plank program offered to the meeting, but it was embodied in the text of a resolution framed by a committee representing various agricultural and commercial organizations and that resolution was adopted by a rising vote of those present, with three dissenting.

The resolution indorsed the plan of organization of the American Cotton Association and charged that organization with the task of carrying out the program through state-wide organization of effort. Throughout the meeting speakers who held the floor for a total of four or five hours had hammered away on those four ideas, together with suggestions for creating an organization for the disposal of low-grade cotton held in Texas.

Resolutions Adopted.

Resolutions were adopted as follows:

"Whereas, The cotton growers, bankers, merchants and business men of the state of Texas, after careful investigation and experience, know that the present price offered for cotton is below its economic value, below its cost of production when the present price of labor and materials are considered, and comparatively below the selling price of other commodities; and,

"Whereas, This condition is not only a great hurt to the farmers of Texas, but the whole system of agricultural production, which is now discouraging the farmers in the production of needed food and clothing, this convention of farmers and business men of Texas, assembled today, therefore

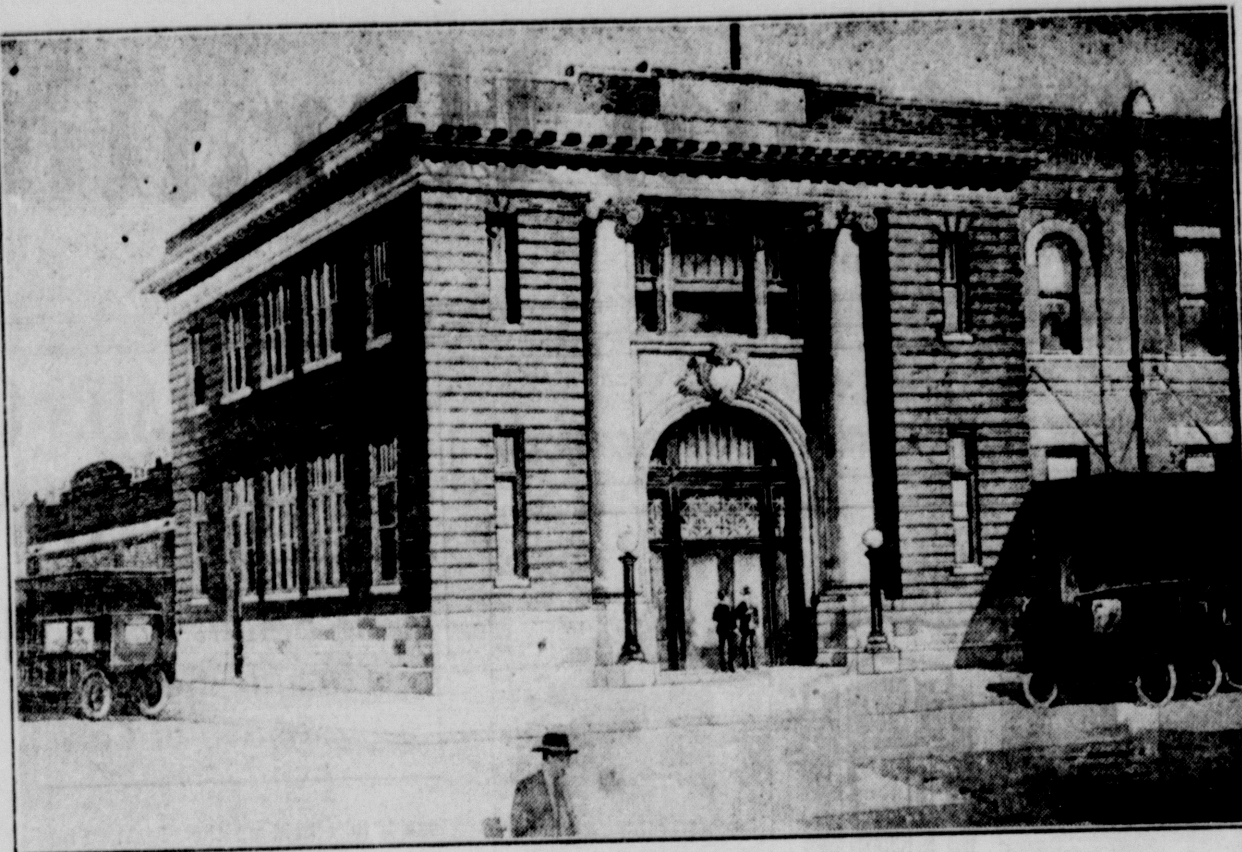

"Resolve and demand of the manufacturing and consuming public a price for the present and future cotton crops that will cover the cost of production and a fair return on the labor expended and the capital involved, and to bring about this condition we urge the farmers of this state to adopt a gradual and rational selling plan which will market this crop in a businesslike way over a period of not less than nine months and in amounts not to exceed 15 per cent of the total crop in any one month.

"We further indorse and support the State-wide campaign for the construction and operation of bonded warehouses and the issuance of a uniform warehouse receipt, negotiable beyond the point of origin, which will permit the financing of the crop through member and reserve banks.

"We further urge that the gathering of 'boobies' be discontinued. That the above plan may be carried out, we further pledge our support to the state-wide campaign for reducing next year's cotton acreage fully one-third and an increase in the planting of food and feed crops.

"To carry out this program above outlined, we indorse the organization

A GREAT STATE HIGHWAY RIGHT THROUGH MILANO

Mr. O. D. Baker, the democratic nominee for flatorial representative of Milam and Bell counties was in Milano a while last week and gave us some definite information on the East and West Texas Highway Association which was recently organized, and says it is the purpose of that body to build a highway from Longview to San Antonio, running right through Hearne, Gause, Milano and Rockdale. This highway will be the Reagan division of the Bankhead National highway which enters Texas from Texarkana to Longview, and according to Mr. Baker's opinion this will be the greatest highway in the state of Texas when completed. It will take several years to build it, he said, but if the towns along the proposed route will get busy it will be built, provided we do not let some towns grab it away from us and build

it on some other route and this we must try to prevent.—Milano Gazette.

POPULAR COUPLE QUIETLY MARRIED AT CAMERON

Last Sunday afternoon, Mr. Hosea Rupert Lankford and Mrs. Glensie Bickenbach drove over to the county seat, and at 8:30 in the evening were quietly married by Judge Graham Gillis of the county court, and immediately following the ceremony, the happy couple returned to Thorndale and are temporarily making their home with the parents of the bride, Mr. and Mrs. J. W. Hyde. Present when the nuptial knot was tied were Misses Winnie Hyde, sister of the bride; Helen Knowles, Mary Reeves and Fay Felton and Messrs. Malcom

Isaac, John B. Willis and Ben Smith.

The groom came to Thorndale several months ago from Thrall, and for a while was employed at the Sanitary Confectionery, but later changed to Field's Cafe, where he now has charge of the ice cream and cold drinks department. He is a young man of pleasing personality, and has a wide circle of friends here.

The bride is the eldest daughter of Mr. and Mrs. J. W. Hyde, and has resided in Thorndale practically all her life. She is a lady of unusual personal charm who numbers her friends by her acquaintance and all this week she and Mr. Lankford have been the recipients of many hearty congratulations and good wishes.—Thorndale Champion.

W-B LAND COMPANY
SWEETWATER, TEXAS

FORDSON FARM TRACTOR

When Henry Ford set about building the Fordson tractor he had a thorough understanding of just what it should be and what it should do. His early life on the farm gave him a deep insight into the daily life of the farmer; his mechanical genius saw the type of tractor needed. He began work on a farm tractor thirty-five years ago, and for more than twelve years he experimented over more than 7,000 acres of land in different kinds of soil with different crops.

So he built the Fordson. It is so simple that a school-boy can operate it. It is low in first cost. It is lowest in operating cost and Fordson parts and Fordson service are always to be had promptly from the dealer.

The Fordson is a profitable investment. It can be used every working day in the year. It is an inexpensive power plant that will lighten your farm work. It has proven its worth on more than one hundred thousand farms not only in operating implements in the fields but in belt and pulley work. And it doesn't eat when idle.

Don't delay ordering your Fordson tractor. The demand is greater than the supply.

100,000 PRESCRIPTIONS WERE FILLED BEFORE NUMBER 40 FOR THE BLOOD WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions before "Number 40 For The Blood" was discovered. 40 is an old doctor's prescription, has cured the worst cases of blood troubles, chronic rheumatism, catarrh, constipation, stomach trouble, indigestion, functional nervous disorders, skin eruptions, such as eczema, sores, ulcers, pimples, etc. Thomas Anderson, 419 Linden St., Winston-Salem, S. C., writes as follows: "I thought I would write and give

you my experience with your great medicine, Number 40 For The Blood. When I began to take Number 40 I was suffering with a severe stomach trouble, could not eat anything without great distress, was run down, weighing but 139 pounds. I improved from the start, am now on my fourth bottle. Can eat anything I want, weigh 156 pounds and feel like a new man and wish to thank you for the wonderful benefit I have received by taking this wonderful medicine."

Delicious cream and cake was served about eleven o'clock and the young people thanked Mr. and Mrs. Lesovsky for the evening's pleasure.

PRESBYTERIAN PICNIC

Friday afternoon dozens of cars lined up at the Presbyterian church to convey the Sunday School children and congregation out to Batte's park for a picnic.

A large crowd went out and enjoyed several hours of games, social intercourse, after which a sumptuous supper was served and more ice cream than the children could eat.

These Sunday School picnics are great affairs and long to be remembered by the children.

Married at the Presbyterian Manse on Sunday afternoon last, Mr. William E. Williams and Miss Willie D. Thomas, both of Belton, Rev. H. R. MacFadyen, officiating.

SEALY-LEECH

A pretty home wedding of much interest was celebrated on August 20th at Lexington, Texas.

The contracting parties being Miss Lillian Sealy and Mr. Ray Leech. A

number of friends and relatives were present, including Mr. Earl Leech of Cameron, who accompanied his brother, on this happy occasion.

The bride, who is the daughter of Mrs. S. L. Sealy, was reared in Lexington and educated in the public school of that place.

Throughout her school days and her brief social life, she has been deservedly popular among a host of friends.

She has visited Cameron at various times, and her sunny disposition has won her a place with the young people who are glad to welcome her as a permanent member of their social set.

Mr. Leech is the son of Mr. and Mrs. J. T. Leech, who are well and favorably known in Cameron. Ray is a young man of sterling worth, and though he has been in Cameron less than a year, he has many friends and commands the respect of all who know him. He was in the service sixteen months, having been on duty with the Medical Corps at Fort Riley and later Fort Sheridan, from which place he was honorably discharged last December.

He is associated with his father in the oil business and will probably be located in Cameron for several months.

Many good wishes go out to these splendid young people in this happy beginning of their married life.

M. E. MISSIONARY SOCIETY

The ladies of this church met at four o'clock on Monday afternoon with a good attendance.

After the business session Miss Mollie Moore was leader and using the Books Chronicles and Kings conducted an interesting lesson on the building of the Temple.

DOUBLE BIRTHDAY PARTY

Miss Geraldine Slaughter, aged nine years, and Billie, aged four, gave a double birthday party Monday afternoon.

Twenty-one little girls and boys came laden with dolls, ribbons, handkerchiefs, perfume for Geraldine and balls, tops, lawn mower and other toys for little Billie.

There was an hour's play and games on the lawn while the Edison furnish-

ed music, and then came the cutting of the two cakes. Geraldine's was white with nine yellow candles, and Elsie Blaylock got the nickel, Elizabeth Gandy the needle and Christine Gandy the toothpick. Billie's cake had four pink candles and Dwight Gandy got the nickel, Edwin Gandy the button and Billie Slaughter the ring.

Cream and candy was served by Mrs. Slaughter, assisted by Mesdames C. D. Robinson and C. Miller.

NEIGHBORHOOD SHOW

Children are great imitators and as an "after the carnival" event was the show in Judge Watson's barn Monday night by the boys of the neighborhood.

They canvassed the neighborhood all afternoon selling tickets. There were boxing and wrestling matches, and a number of other stunts in which Glenn Flinn and Bassett Watson were umpires.

Next they presented a good show with the Electric magic lantern. Receipts at the entrance amounted to ninety-five cents.

One mother remarked that her little folks retired that night so willingly, signifying that for once it was a perfect day to them.

Tuesday morning the proceeds were invested in a case of soda water and was soon only a memory.

NOTICE

This is to notify the trade that on and after September 10th we will go on a strictly cash basis.

All Garage Work, parts, tires and accessories will be cash on delivery of the goods. New and second hand cars will still be sold on partial payments with notes for deferred payments.

We take this opportunity of thanking the public generally for the excellent business given us this year and solicit a continuance of same on the new basis.

BLAYLOCK SPENDS A BUSY DAY SUNDAY AT ROGERS CHURCH

LOCAL PASTOR HAS 4 CONVERSIONS; DRIVES 60 MILES BAPTIZES 108 PEOPLE

Rev. B. B. Blaylock, pastor of the Cameron Baptist church on last Sunday spent one of the most strenuous days of his ministerial life. In fact, but for his marvelous consecration to duty it would be easy to give way to physical weariness but to his untiring energy three times preaching during the day with four conversions; the baptizing of 108 people and an auto drive of sixty miles is only a minor conception of what he desires to give to his ministry.

On last Sunday Rev. Blaylock went to Rogers to preach the closing sermon in the big revival meeting which had been in progress there for two weeks and which lost the services of Evangelist B. B. Crimm on Thursday night, having been called away.

Rogers is a former pastorate of Rev. Blaylock and the church there at this time is without a pastor. They called on Rev. Blaylock and he responded to preach there Sunday and conduct the baptismal services.

The baptizing took place in Reed's Lake on Little River at Rogers. Rev. Blaylock has held revivals at Rogers for the past twenty-five years. In all he has baptized more than 800 people during his ministry in this part of the State. In the meeting held by Evangelist Crimm there was more than 300 conversions and additions to the church.

Rev. Blaylock preached three sermons, having four conversions. He then baptized 108 people in the afternoon. The auto trip for the day was a total of 60 miles. He returned to Cameron and preached in his pulpit Sunday night.

NEW STEAM PRESS FOR LOCAL TAILOR

JOHN M. CAMMER ADDS NEW EQUIPMENT FOR TAILORING BUSINESS HERE

John M. Cammer, local merchant has just received shipment of a 1920 model Hoffman steam pressing machine to be used in connection with his tailoring service in Cameron. The press is very latest model to be had, being a 1920 7 A model.

With this equipment Mr. Cammer will be able to take care of his tailoring business in a more efficient manner. He will now operate two pressing machines, having retained his old machine.

He announces arrival of fall fabrics and that there is some slight reduction in the price of clothing this year. The price situation has been largely an unknown problem this year and it was only recently that a definite market situation was disclosed in a letter to Mr. Cammer from Eastern firms.

PIERCE STORE TO BEGIN FALL SALE

LOUIS S. PIERCE SPENDS DAY IN CAMERON WEDNESDAY LOOKING AFTER INTERESTS

The Louis S. Pierce store in Cameron this week begins its annual fall sale of autumn and winter merchandise. Louis S. Pierce, owner of the store, was in Cameron Wednesday from his home in Navasota, where he also operates a large dry goods store.

Mr. Pierce returned recently from markets of the East, where he spent several weeks purchasing and making heavy shipments of merchandise to the Cameron and Navasota stores. The Cameron store is under the management of J. F. Braun, an alert and progressive young business man.

Mr. Pierce makes frequent trips to Cameron and his friends are always glad to greet him.

MAJORITY FOR NEFF IS NEARLY 80,000

OFFICIAL AND UNOFFICIAL FIGURES INDICATE FINAL LEAD OF 79,373

A final majority of 79,373 votes for Neff over Bailey in the Democratic runoff primary Aug. 28 is indicated by a combination of official returns received by the State Democratic executive committee on 173 counties and the unofficial returns received by the Texas Election Bureau on all but four of the remaining seventy-two counties. Four counties held no elections, and neither the State committee nor the bureau has heard from four counties, Crockett, Jeff Davis, McMullen and Starr. These probably held no elections.

Totals of the State Committee, compiled by A. S. Moody of Houston, its secretary, show the following results in the three State races: Governor, Neff 202,696; Bailey 142,377; Lieutenant Governor, Davidson 170,727; Johnson 147,880; Supreme Court, Pierson 179,882; Hawkins 132,561. Neff's majority on the official returns so far is 60,319 votes.

Adding in the Texas Election Bureau figures on the Governor's race from sixty-eight of the seventy-two counties lacking in Mr. Moody's reports, totals for Governor are: Neff 264,075; Bailey 184,702; total vote accounted for, 448,777.

Bailey carried only forty-six counties, most of them in South and West Texas. The German counties of South Texas, including Comal, went for him by large majorities.

WET WEATHER IN AUGUST CAUSED BOLL WEEVILS TO BECOME NUMEROUS

Washington, Sept. 1.—Continued improvement in the cotton crop August, amounting to an increase of more than a quarter of a million bales in the month, was announced today by the Department of Agriculture in its forecast today of a total production of 12,783,000 bales, based on Aug. 25 conditions.

Remarkable growth took place during August, officials said, but the crop is from two to three weeks later and a late fall is necessary for favorable termination of the crop. Boll weevil damage will be greater than usual, they say.

In a statement commenting on cotton conditions the department said:

"The cotton plant has grown wonderfully during August over the entire belt as a result of almost constant rains, but this growth during the last two or three weeks has been largely at the expense of fruit, although large and vigorous, is sappy. The crop in the normally dry areas of Texas and Oklahoma, where the ample rainfall was beneficial, and in all the northern portion of the belt has shown absolute or relative improvement for August. Generally speaking, the early set of bolls was satisfactory, and while the bolls are not now present in proportion to the size of the plant, there is a fairly satisfactory set of bolls.

"The cloudy, wet weather and cool nights, with large growth, have prevented the plant from overcoming its initial lateness and it is from two to three weeks late over most of the belt.

Boll Weevils Active

"The moist August conditions have been very favorable for the boll weevil, which is very active in all infested regions from Central Texas to Central South Carolina. The loss of a large part of the squares now setting and a considerable proportion of the small bolls and many large ones as a result of weevil damage is reported throughout this area. Bollworms are also active to a damaging extent in the same territory. For a favorable termination of the season a late fall is necessary. The harm resulting from boll damage from weevil would be in greater proportion than ordinarily, because the damp weather tends to rotting of the entire injured boll instead of the lock affected only. Much rotting is reported in the central areas.

"The abandonment of planted fields since the date of the bureau's acreage estimate of June 25 has been slight and probably less than average.

"Labor conditions may become serious later, when the rains permit picking, especially if dry, hot weather should force quick maturity, but no acute shortage exists at present, although labor is generally high and insists on shorter hours than formerly.

"More fertilizers has been used than last year and still more than two years ago although the quality is still inferior from lack of sufficient potash, and much of the benefit has been lost from leaching or from going into plant growth rather than fruit."

Four boards recently erected give information concerning the nominees of the Republican and Democratic parties for President and Vice-President.

At Marion, Ohio, one of the big history books has a page reading as follows:

"Marion is the home of Warren G. Harding who started in life as a printer's devil and rose to United States Senator from Ohio, now being the Republican nominee for the Presidency."

The bulletin devoted to Governor Cox states:

"'Trail's End,' near Dayton, Ohio, is the home of James M. Cox, Governor of Ohio for three terms, who began life as a newsboy and is now the Democratic nominee for the Presidency of the United States."

Cameron Girl Wins D.A.R. Scholarship In the University

Austin, Texas, Sept. 3.—Miss Lola Greer of Cameron has again been awarded the Daughters of American Revolution scholarship for the University of Texas. This scholarship which was held by Miss Greer during the session of 1919-'20, also is awarded on the basis of health, scholarship and interest in worthy student affairs, and carries with it the use of a room in the woman's building furnished by the order.

Miss Greer will be a senior in the university next year. Her scholarship record for the past three years shows that she has been on the dean's honor roll every term since she entered. In addition, she has been prominent in the work of the Young Women's Christian association, having for the past two years served as cabinet officer, and in athletics. She

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

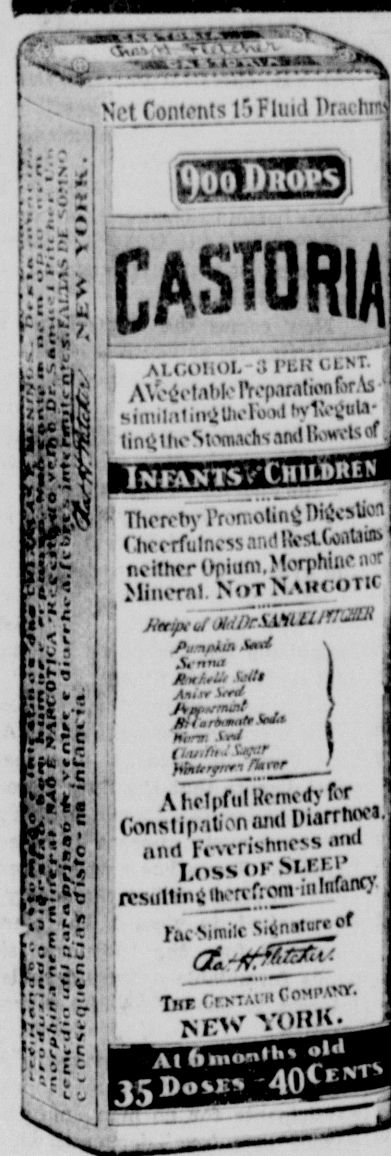

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. PUBLISHERS NOTICE

Beginning September 1, 1920, the
advertising rates of The Cameron Her-
ald were increased making the pres-
ent display rate 22 cents. This rate
does not affect existing contracts. The
line rate will be 10 cents per line.

The increase is made necessary be-
cause of increased costs of production
and the unprecedented flight of print
paper prices. The increase does not
put the rate as high as the established
standard of rates the country over
and our patrons are still paying less
than the average. A big increase in
circulation, the base for all advertising
rates, also justifies the raise.

It is the policy of this paper to make
its returns to the advertiser on money
invested in advertising to its respon-
sible circulation and readers, and to
legitimately meet the increased cost
of production.

THE CAMERON HERALD.

CAMERON'S WATER SUPPLY

To such measures as the public
health we owe the profoundest consid-
eration. We owe to the city of Cam-
eron the blessed place in which we
live everything that we command for
its best interests and the interests of
its splendid citizenship.

That is why The Herald views with
grave alarm the continued unsanitary
condition of the public water supply.
That is why we urge a militant, initi-
ative policy upon the part of both the
city council and the public. If an un-
satisfactory water supply, both from
the standpoint of sanitation and
wieldy public command were an in-
ducement to act, the time is long past,
and we say that an emergency
exists requiring the thought and help
of the best to effect some remedy.

The Cameron Water, Power and
Light Company under agreement
reached by the city council will install
a chloride treatment for the public
water supply. To be satisfied with
this condition would seem to indicate
public lethargy. We do not want
water, even though separated from
bacteria to be supplied "mud a la in-
fact," for no matter to what test of
modern sanitation water may be put if
it is not cleared and filtered it is un-
fit for human consumption.

The chloride treatment is good for
emergency purposes and perhaps at-
tained wide use with the expedition-
ary forces in France to make "safe"
the "sweet waters" of the Somme.

Cameron's water supply should
have a bath and a change of ingredi-
ents.

What are you going to do about it?
As a public-spirited citizen you owe
it to yourself and to your city to make
some effort at least to bring about a
sanitary water supply.

To install a filtering process would
entail a large expenditure and the
Cameron Water, Power and Light Com-
pany is unwilling to do this without
an increase in rates. This is only a
reasonable demand for an increased in-
vestment is not wise or possible with
a fixed income. The public utilities
that have not been allowed to increase
rates (few there be that haven't) are
now in the "middle of a bad fix."

We believe the people are willing to
pay for sanitary filtered water and
we believe they want it and are going
to have it even at the cost of munic-
ipal ownership. This is perhaps the
most logical solution after all. Cer-
tainly the people could not object to
paying for what they receive. The
revenues should offset any additional
expenditure made necessary by the in-
stallation of filtering equipment.

The Cameron Water, Power and
Light Company should have more in-
terest in the public health. It should
install the filter and charge rates ac-
cordingly—anything to get results.
Or, the city council and the people
should take up the problem and se-
cure a sanitary water supply. If mu-
nicipal ownership is necessary there
can be no reasonable objection to that
if we get what we want in the bounds
of reason.

What are you going to do about it?

A CALL TO BATTLE

Now that the Democratic Primary
elections are over and the choice of the
people has been clearly defined in the
selection of Pat M. Neff of Waco as
the standard bearer for Texas Demo-
cracy, it is obviously the duty of every
loyal Democrat to rally to the sup-
port of the nominee as against the op-
position tickets.

A solid front fight for Democra-
tic victory is more imperative at this
time because of the national campaign
and because of the disintegration and
the wide-spread unrest and the forces
of evil that are now assailing the
foundation of this government.

While the Democratic party in Tex-
as has just completed its second inter-
circle battle to choose its nominee, in-
dications are the fight is to be waged
now against both an ancient and a new
enemy of the party.

Now comes the American Party
gathering its strength from the ranks
of dissenting democrats and repre-
senting an unknown and unproven
quantity. The American Party with its
reactionary platform and its demand
for the undoing of the things for which
the Democratic party is pledged to
maintain and which were wrought in
the eyes of an approving nation both
in an hour of peace and war, is per-
haps the most threatening and most
formidable foe the party has now to
deal with in this State.

What may or may not be said as
to the merits or demerits of the Amer-
ican Party in Texas, it is a fact be-
yond dispute that the lines were kept
intact during the August primary and
now as a party appears to be solidly
founded. Texas has never feared Re-
publican strength but the enemy par-
ties, united, in view of the alarming
disregard for the primary should
prove formidable as considerable dis-
interest is shown for the November
election.

It is now the duty of every dem-
ocrat (and by that we mean primary
participants for no man may be re-
garded as a loyal democrat who will
enter the primary and disregard its
pledge) to put in the armor and strike
with the ballot for the safety of
America and the sanity of the world.

close friend of Rev. Blaylock having
known him for a number of years.

NOVEMBER HOG SHOW PLANNED BY LOCAL CLUB

A well attended and enthusiastic
meeting of the Board of Directors of
the Cameron Commercial Club was
held Tuesday night. A number of
members and a few visitors were also
present at the meeting.

A report was made in collections
for the Cotton Classing Service which
showed the funds well in hand. A res-
olution was offered by Judge W. G.
Gillis instructing the Secretary to
write a letter to all honorary mem-
bers and other farmers and cotton
raisers over the county inviting their
co-operation in supporting the office.

Mr. O. C. Haworth, representing
the Market Bureau of the S. A. and A.
P. railway was present at the meeting
and gave an outline of the work being
accomplished by this department of
their road.

The Marketing Bureau of the Sap-
road has been in operation now for
only a few months and is proving of
great value in a number of ways.

The first thought that inspired the
officials of this road was to afford a
means for the farmers along their line
to dispose of their surplus produce,
such as bacon, cabbage, lard and any
other commodities that could not be
used by their local merchants.

The plan as outlined was to secure
as many merchants along the line in
the various towns to become members
of the association at a nominal fee.
Each member of the Bureau would list
his customers' commodities and send
same to headquarters every week a
bulletin is issued to all members and
each can see what the other has he
might use, and thereby the goods are
shipped from town to town and dis-
tributed where needed.

Mr. Haworth sighted the club to a
number of instances where on com-
munity disposed of a surplus of coun-
try bacon and that without the market-
ing bureau would have gone to waste.

Another feature of the bureau is to
encourage the farmer to diversify, if
he knows he can sell his surplus he is
going to raise not only what he needs
at home but will raise some for his
neighbor down the line.

A resolution was adopted endorsing
the plan and Mr. Haworth given a
letter commending the service to our
local merchants.

The benefits to be derived from a
hog and cattle show were outlined by
Mr. Wm. M. Cobb. He related that
any number of farmers in Milam coun-
ty were now interested in fine hogs
and cattle and that an opportunity
should be given them to display their
fine stock. He suggested some time
in November for the event and his
proposition met with hearty approval
of the directors. Those having fine
hogs and fine cattle can begin to brush
them up now. Cameron is going to
have a show for Milam county and
some nice prizes will be awarded.

The mosquito campaign was discus-
sed and the matter of changing the
drainage system under the street cross-
ings in the business district was fa-
vored. It was stated by C. W. Law-
rence that at present low places were
to be found in which water stood con-
tinuously thereby increasing the mos-
quito menace. A plan suggested was
to place concrete dips at the street
crossings and allow the surface water
to run through them instead of the old
plan.

Mr. Louis S. Pierce was present at
the meeting and made a pleasant talk.
Among other things he discussed the
mosquito campaign on in Navasota.

Worm Symptoms.

Worried sleep, crying out in sleep,
gritting the teeth, peevish tempera-
ment in the morning, swollen eye
cheeks, picking the nose, breaking
out around the lips, foul breath, vari-
able appetite, flushed and feverish
cheeks, alternating to cold and damp.
These are known as positive sym-
ptoms of worms. Rucker's Famous
Korak Wonder has proven an infalli-
ble remedy for the removal of worms
in men, women and children. It is
being sold daily on the Court House

NEFF WILL NOT DICTATE PLATFORM

NOMINEE EXPRESSES CONFIDENCE IN CONVENTION'S ABILITY

Waco, Texas, Sept. 8.—Pat M. Neff, Democratic nominee for Governor, this afternoon made the following statement:

"In answer to several inquiries of the last few days as to what I am planning to have incorporated in the Democratic platform to be adopted at the Fort Worth convention next week I desire to state that while I shall freely express my views to the platform committee as to legislative matters, I shall not press the putting into nor the keeping out of the platform any special plank.

"It is true, that for some years the custom has been in Texas for the nominee practically to write the platform. This practice is wrong.

"The platform should express the views of the nominee only so far as such views represent the crystallized thought of the Democracy of the State. Nothing should be put into the platform that is not intended to be enacted into law.

"One of the most important functions of the convention is to formulate the party platform, and certainly this platform should not be dictated by any one person, but should represent the combined wisdom of the representative Democracy of Texas. I am confident that the convention will work out a platform that will meet the needs of Texas."

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,

To all persons interested in the estate of George Marak, deceased. Cause No. 1813, notice is hereby given that Antonia Marak has filed in the County Court of Milam County, an application for the probating of the Last Will and Testament of George Marak, deceased, and for appointment of administratrix and issuance of Letters Testamentary of the estate of George Marak, deceased which will be heard at the next regular meeting of the County Court, to be held on the first Monday of October, A. D., 1920, same being the 2nd day of October at the Court House thereof, in the city of Cameron, Texas at which time all persons interested in said estate may appear and contest said application, if they see proper.

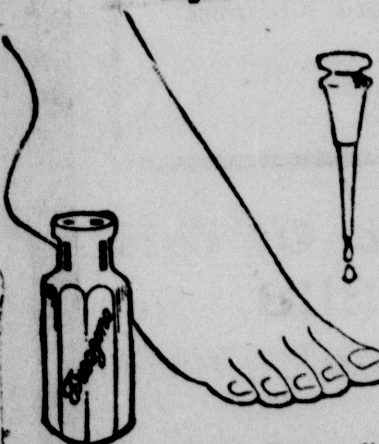

Here Fail Not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the City of Cameron, Texas, the 31st day of August, A. D. 1920.

Attest: WILL T. YATES,
Clerk County Court, Milam County.
Katrjn K. Robbins, Deputy. 18-2t.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

THE KEY TO SUCCESS

The demand for Telegraph Operators was never so great as at the present time. The largest telegraph school in America—equipped with over a hundred sets of instruments, miniature train service, a train wire of a main line railroad, all telegraph and freight blanks and books of record; tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—The Tyler Commercial College of Tyler, Texas, is unable to supply the demands of the railroads, Western Union and Postal Telegraph companies for operators.

Read the following letter from the Supt. of Telegraphy of one of the large railroad systems:

Tyler Commercial College, Gentlemen: If you will send us the high class students you have been sending, we can use all that you can send. Could use a large number at the present time if you have them. In this connection will say what students you have sent us have been very satisfactory and have developed in some of the best telegraphers and agents that we have. Trust that you will be able to send us more of your students at once and keep them coming as fast as they are capable. I had the pleasure on August 2nd to visit your great school and made a personal investigation of the methods used by you in preparing students, telegraphers, and I find they meet with all requirements of my road, and I wish further to say you have the largest and most complete and thorough business college that I have ever seen.

R. F. Frenzer, Supt. Telegraph Union Pacific R. R.

Our Telegraph students are on all the leading Southwestern roads, and is Western Union and Postal Telegraph offices. With our help you can be a bigger success. Write for free catalogue. We place our graduates promptly free of charge. Tyler Commercial College, Tyler, Texas.

Bell County Farmers Organize

Belton, Texas, Sept. 1.—More than five hundred farmers are pledged to the Bell County Farm Bureau which has completed a three days' drive in a small portion of the county, eighty per cent of all farmers solicited having joined the organization which now has nearly a million and a half members in 31 states of the union and in more than half the counties of the United States.

The Bell County drive is to continue for several weeks until every farmer is seen; and if the present percentage is kept up, the final membership will be in the neighborhood of 2,500 members.

All the soliciting work is being done by actual farmers who have the welfare of the farmers at heart. None but farmers may vote or hold office in the organization which is planned to foster marketing methods that will get better prices for products. The slogan of the organization is a fair price based on cost of production plus a reasonable profit.

Texas farmers have already been saved millions of dollars through the American Farm Bureau's defeat of the Nolan bill, which would have taxed all farm values over \$10,000 one per cent annually. Bell county farmers regard the ten dollar membership fee as a small item compared with the benefits already received. For example, it is stated that a man owning a farm valued at \$40,000 would have had to pay \$300 extra tax a year if the American Farm Bureau had not stepped in with its million and more members and defeated the bill while it was before Congress.

It is stated that this same bill is coming before Congress again and that the Farm Bureau is going to have another fight to defeat it for all time. The Bell County farmers are lining up almost one hundred per cent with the Farm Bureau to get the benefit of organization in fighting those measures which mean loss of money to the farming class.

Williamson County farmers are planning to start the organization and they boast that they will make Bell County take a back seat when the number of members is counted. Many other counties in Central Texas are

just about ready to begin. Dallas County will have nearly a thousand members by the end of this week. Nacogdoches County is about to begin a drive. Parker County has asked for assistance from state headquarters.

John Orr, a farmer in Dallas county, is the President of the Texas Farm Bureau, and C. O. Moser is the secretary. Both men expect to make the Texas organization second to none in the United States.

NEFF MAJORITY NOW
PLACED AT 75,615

Dallas, Texas, Sept. 4.—Neff's majority over Bailey in the run-off primary August 28 is 75,615 votes, the latest compilations of the Texas Election Bureau show. With complete returns in from all but 43 counties, of which only eight have made no reports, the result now stands: Bailey, 182,844; Neff 258,479; total vote accounted for, 441,303.

Four counties held no primary August 28 and it is likely that several of the eight other counties not reporting held no primary. The reports on the 35 late counties are practically complete. Probably only 10,000 or 15,000 votes are yet to be accounted for.

Woman Hurt When Car Plunges Over a Bridge Near City

Mrs. T. E. Key of Jones Prairie was slightly injured last Saturday night when the automobile in which she and her husband, were returning to their home after attending the carnival in Cameron, plunged off a low bridge near the Hefley farm on the Maysfield road.

Mr. Key who was driving the car, was only slightly bruised. As the car approached the bridge Mr. Key observed that a vehicle was making its way across the bridge and in attempting to pass the buggy was unable to distinguish in the darkness the exact dimensions of the bridge.

Parties passing the road brought Mr. and Mrs. Key to Cameron to the local sanitarium. At first it was thought that Mr. Key had sustained a broken arm, but this was not sustained by the examination. Mr. and Mrs. Key returned home early Monday morning.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, says a noted authority, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

"Smiling" Ralph De Palma dodged his hard luck jinx for the first time this season and won the 250-mile Elgin road race by hurling his speedy Ballot across the finish in three hours, nine minutes and fifty-four seconds—an average of 79.5 miles per hour. Over 70,000 racing fans cheered him to victory.

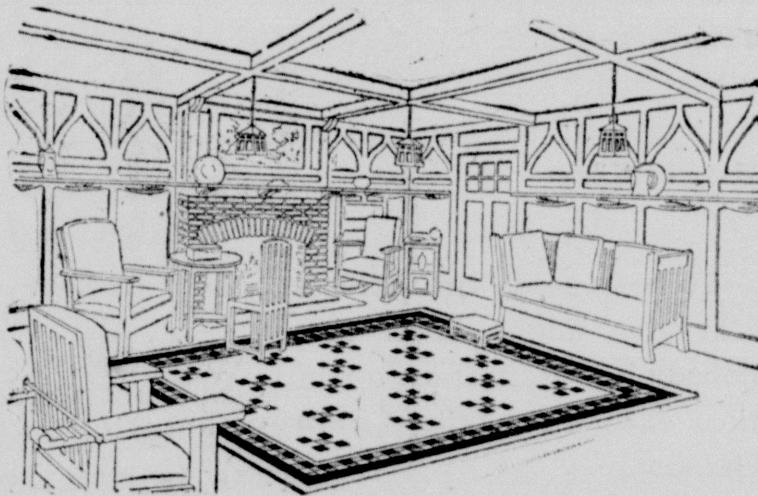

De Palma made a non-stop on Goodyear cords, leading Milton over the finish by one minute and seven seconds. Vainly did Jimmy Murphy send his Duesenberg after his flying team-mate, but only managed to get the checkered flag one minute and 47 seconds behind the "Speed King" and 12 seconds ahead of Ralph Mulford's Monroe. Eddie O'Donnell took fifth place. Murphy's and O'Donnell's Goodyear-equipped Duesenbergs also went the entire race without a stop.

By his sensational feat, the popular driver broke all lap and track records, lowering by seven seconds the lap made by the late Spencer Wishart in 1915 and averaging four miles more an hour than Gil Anderson in his Stutz in 1915. De Palma broke Wishart's lap record of 6 minutes, 18 seconds, four times, making 6:13 on the 19th, 29th and 30th. Victory in the race added 500 points to the 105 De Palma had already scored in this season's races and puts the daring Italian in position to become the premier driver of 1920 should he win at Uniontown, Pa., on Labor Day.

The standing of drivers in the Automobile Association of America championship for 1920 is as follows, counting points made at Elgin: Gaston Chevrolet 1015, Tommy Milton 930, Jimmy Murphy 805, Ralph De Palma 605, and Ralph Mulford 350. A win at Uniontown will allow Milton, De Palma or Murphy to become 1920 champion.

The Elgin race was probably the most remarkable road race ever held in any country in the history of automobile racing. Every car that started also finished, not a stop was made by any car for oil, gasoline or tires, and but one forced stop was made in

the entire race. On the second lap Gaston Chevrolet's Monroe came to the pits because of a clogged gasoline line, which took so much time to clear that the Indianapolis winner was placed last, outside the money.

The Elgin race has a deeper significance when its bearing on the development of automobile engine is considered. The 183 cubic inch piston displacement of engines, with but six cubic inches more displacement than a Ford, not only broke all track and lap records set for the course by motors of 405 cubic inches displacement, but also went through the 250 mile grinds without a single engine adjustment.

WATER WORKS MAN

GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards.

Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New

Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

If your back hurts you. If you have to get up during the night, try Rucker's Korak Wonder. It has relieved thousands and may do the same for you. It will be sold Friday night at the free show in the Court House Square at an advertising price.

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the *very best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's *no limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

GRAND OPERA AT COTTON PALACE INTERESTS ALL

Texans Everywhere Say They Are Going to Waco to Hear Classics

The principal musical event of Texas this year will be the series of operatic productions staged by the San Carlo Grand Opera Company, the largest traveling organization of its kind in the world, at the Texas Cotton Palace, which opens in Waco Oct. 30 and closes Nov. 14.

This hundred thousand dollar attraction will come to Texas directly from the Manhattan Opera House, New York, after playing twelve weeks, exclusively to fill its seven engagements—five night performances and two matinees—at the Texas Cotton Palace. The cast of seventy-five artists of world-wide fame and its own equally as famous orchestra will open its exclusive engagement in Texas at the Cotton Palace Nov. 2 and will close on the night of November 6.

N. Y. Critic Praises Company While the San Carlo Grand Opera company is known among all lovers of music throughout not only this country, but in France and other countries, the native homes of most of its artists as well, the following lines from a well-known Gotham critic might serve to further introduce it to those not familiar with its work: "In eminence of its leading singers, numerical proportions of orchestra and chorus, extensiveness of repertoire and general completeness of productions the San Carlo company is the most brilliant operatic assemblage that financial outlay and managerial endeavor can possibly bring about."

An official of the board of directors of the Texas Cotton Palace spent considerable time in Chicago, St. Louis and other musical centers looking into the reputation of this noted musical organization and opera company with the result that he found the remarkable success of the San Carlo Opera company upon its recent tours of the United States and Canada constituting the chief topic of interest in American musical circles.

This organization, according to wires received by the Texas Cotton Palace from some of the most eminent critics in this country, enjoys the distinction of being the only permanently established traveling company in this country. The reputation of the company for meeting every artistic requirement, protecting every obligation, financial and otherwise and filling all scheduled engagements is well known to all who keep in touch with important music and grand opera events.

Classics to Be Produced
Based on the results of the popular state-wide voting contest, the following seven operas will be produced as follows at the Texas Cotton Palace: (Matinee 2:30 p. m. and night performances, 8 p. m.)

Tuesday, November 2 (night) Carmen.

Wednesday, November 3, (night), Lucia di Lammermore.

Thursday, November 4, (afternoon), Faust.

Thursday, November 4, (night), Aida.

Friday, November 5, (night), Madam Butterfly.

Saturday, November 6, (afternoon), Tales of Hoffman.

Saturday, November 6, (night) Il Trovatore.

Owing to the fact that the bringing of this mammoth grand opera company and orchestra to the Texas Cotton Palace will naturally attract state-wide interest and draw lovers of music from all centers of Texas, including El Paso, San Antonio, Dallas, Fort Worth, Houston, Beaumont and other towns, the management of the Texas Cotton Palace has arranged a popular state-wide voting contest to select the operas that will be produced. In this way, the people will get to see just what operas they love most.

Big Cotton Palace Event
In securing this company the Texas Cotton Palace exposition will enjoy the distinction of being the first exposition anywhere in the United States to make grand opera a feature

MEN, TOO, MAY VOTE WITHOUT POLL TAX, SAYS MCGREGOR

AMERICAN CANDIDATE DE-CLARFS 19th AMEND-GRANTS NO DISCRIMINATION.

San Antonio, Texas, Sept. 3.—The nineteenth amendment to the federal constitution effectively repeals section 2 of article 6 of the Texas constitution, and permits both men and women to vote in the coming November election without a poll tax, according to former Senator T. H. McGregor, American Party candidate for governor, here Friday.

McGregor says he has the question investigated and that able attorneys have informed him that if the women are entitled to vote in the November elections without a poll tax receipt, so are the men.

He intimated that his party would test the question in the coming elections.

McGregor said that "the federal constitution specifies that no State shall discriminate as between sex and that to deny the men a right to vote without a poll tax, and grant such right to women, would be a discrimination. He said that the statement being made by some that women will vote without a poll on the same principle that men attaining 21 years of age vote, is erroneous, and is merely stated as an illustration. If his contention is correct thousands of voters will be added to the eligible lists in November.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost pound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with over night if you'll get a bottle of Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

ALL STATES TO BE REPRESENTED AT COTTON PALACE

Governor's Daughter and Other Prominent Women To Attend

Practically every state in the union will be represented by one of its fair daughters at the Texas Cotton Palace, Waco, which opens its eleventh annual consecutive state-wide exposition October 30 and closes November 14.

Following recent invitations to all state executives from Governor W. P. Hobby, to select a belle to represent that particular province at the queen's ball as a princess, letters have been flooding into the governor's office. He has forwarded the replies to President W. V. Crawford of the Texas Cotton Palace and some of them have been made public.

Lowden's Daughter Coming

Governor Frank O. Lowden, of Illinois, and a candidate for the republican nomination for president of the United States, replied that he would send one of his daughters to the exposition.

In his letter to Governor Hobby the Illinois executive recalled his visit to Texas during the war, saying: "Having so pleasant a memory of my own visit to Houston during the war, when I was so tremendously impressed with the hospitality of your people, I have decided to designate one of my own daughters, either Miss Florence or Miss Harriet Lowden to represent Illinois at the Texas Cotton Palace."

Dorsey to Send Niece.

Governor Hugh M. Dorsey, of Georgia wrote that he "took great pleasure in replying with this request." He named his niece, Miss Mary Faith Yow, of Lavonia, Ga., who has also accepted to represent that state.

Through the participation of these princesses from practically all the forty-eight states, the queen's ball this year will be even a more brilliant and important social function that it has been in the past.

For ten years now this social affair has drawn fair damsels and their proud parents from all parts of Texas. And this year it will draw them from all parts of the country, as it is quite probable that the distinguished mothers and fathers of the charming princesses will act as their chaperones on their trip to the Lone Star state.

FASTEST AUTO RACERS IN COUNTRY TO DRIVE AT TEXAS COTTON PALACE

With the lure of the race track dying out in many sections of the country, the automobile speed-demons are rapidly getting a grasp on public favor.

Some of the most popular motor drivers of the country will be brought to the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14, this year.

No matter what the rival attraction should happen to be, the drivers of these gas machines never fail to bring out a crowd.

There's an unexplained something about this thrilling sport that appeals to both the young and old alike. And they will find their wishes granted in the honest-to-goodness races that will take place at the Cotton Palace this year.

For Boys and Girls

Boys and girls on the farms of Texas will find educational entertainment features well worth their while at the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14. Many features are being provided for them. And after they've seen the instructive side of the big Texas exposition, of course they'll want to spend the remainder of the day at scenic railway, whip, ferris wheel and other appealing amusement devices.

Your Neighbors

Why not spend the sixteen days from Oct. 30, when the Texas Cotton Palace opens at Waco, to Nov. 14, when it closes, at this great exposition with your neighbors?

BUCKHOLTS NEWS

By Audrey Criswell

Buckholts, Texas, Sept. 6.—Mr. J. B. Rector was in Waco last week.

Misses Jennie May and Anita Reed will return this week to their home in San Antonio, after spending the summer with their grandparents.

Mr. J. C. Hendrick of Rogers was here last week to attend to business matters.

Mr. Fred Walker, who teaches in the State Normal at Alpine, is home to spend his vacation with his parents, Mr. and Mrs. George Walker.

Miss Alice Ford of Cameron is here a guest of her cousin, Miss Gladys Harris.

Miss Mildred Allen was shopping in Cameron last week.

Mr. Archie Black of Jones Prairie, was here to see friends during the week end.

Mr. Pierce Collins of Cameron was here last week repairing the Battens at this place.

A message was received last Friday from Mr. and Mrs. Will Stacy, former residents of this place, but now of McAdoo, saying that their three year old son, J. T., died Thursday from diphtheria. The many friends of Mr. and Mrs. Stacy deeply sympathize with them in their sad bereavement.

Mrs. Frank Stach was a Temple visitor last Monday.

Miss Aubyn Hitt was in Cameron Saturday.

Up to September 1, 1919 there had been thirty bales of cotton weighed by Mr. Jack Barnes, the public cotton weigher and also weigher at the Farmers' Warehouse. Mr. Barnes states that up to September 1, 1920 he had weighed eight hundred and forty bales.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas, as.

Given under my hand and the seal of said court, in Cameron, this the 25th day of Aug. A. D., 1920.

PENN WOLF,
Clerk of the District Court, Milam County, Texas. 18-4t.

CRACKSMEN ENTER REINHARDT BANK

ONLY \$16 IN CASH OBTAINED BY THIEVES FRIDAY NIGHT

(Dallas News)

In a calm manner, which allowed the smoking of many cigarettes and otherwise deliberate conduct, safe-crackers spent some time Friday night and morning in an effort to open the main vault of the Guaranty State Bank at Reinhardt, and secured \$16 in cash after rifling the safety deposit boxes of the bank.

The vault, in which approximately \$5,000 in cash and securities was kept, withstood all the efforts of the cracksmen, as it is one of the latest type of safes and can not be opened with the use of nitroglycerine and only an acetylene torch can make any impression on the steel.

The thieves gained entrance to the bank by cutting the bars of the window in the rear of the building, and they dug through the brick wall leading to the vault. The job has the earmarks of amateurs, although unmistakable evidence was found of an "outside man" in the rear of the structure. The robbery bears close resemblance to the safe-cracking at Plano and Murphy several months ago. The store of B. U. Euckert was entered and a few cigarettes and other minor articles were taken.

An investigation is being made by Sheriff Harston and several city detectives.

Authentic
Decrees
for
Autumn

Crisp Autumn Days

Autumn marks an alertness in the air, an enthusiasm and eagerness for the crisp, golden days to come. This store, anticipating the needs of its patrons in advance, has prepared an Autumn Exposition of authentic apparel modes.

Frocks Are Versatile

So Testify the Numerous
Smart Modes

Indeed the mode allows one to be severely tailored or delightfully feminine, and mostly the latter, for it would seem Fashion could not resist the temptation to be lavish with embroidery, iridescent beading, stitchery and all the devices known to the clever designer. Russian, chemise and redingote lines prevail for frocks in general, while in the more elegant afternoon gown bouffancy still holds sway. Tricotine, twills, duvetyn, velours and a host of new and lovely fabrics make a delightful task of choosing an Autumn Frock.

Wraps Envelop One

With Luxury and Warmth

So delightful and snugly are the new Wraps—and Wraps they are in the majority, too, with a lesser sprinkling of Coats. Huge collars, waist-length capes, fur trimmings, soft and luxurious fabrics are distinctive features of our large stocks. Strolling through this section one sees women already selecting handsome Wraps for street, for general utility wear, for the dressy occasion and for motor wear.

Beautiful Fall Fabrics

An Inducement to Much Sewing

Whatever her costume need, for the woman who prefers the individuality of apparel made especially for her by tailor or modiste, there is a galaxy of fabrics in silk or wool from which to evolve all manner of smart clothes. And while selecting fabrics for the frock, the suit, the blouse or the wrap an inspection of this Store's collection of laces and trimmings offers many suggestions when one is seeking fur-belows that are clever and new. Patterns likewise are dependable in cut and authentic in style.

Satisfy That Longing
for A New Suit

Every woman looks forward to wearing a suit in Autumn and particularly this year for the long slim lines found in the new Suits are those to which every woman aspires. Suits of tricotine and fine twills have braid and embroidery trimmings while many have the ultra smart collars that Paris smiles upon.

Formal Evening Attire

That is New and Interesting

Paillettes that twinkle on cobwebby foundations of rainbow colored tulles, brocades stiff with gold and silver, bouffancy, laces, and delectable colors run riot in the modes for evening affairs and the dance. Half the pleasure of the first lovely parties of Autumn is the knowledge of being perfectly gowned, and Fashion's dictates as delineated in this Store's collection of formal evening modes are indeed charming.

New Hats that Hint
of Paris

In Their Careless Nonchalance

Perhaps in the careless grace of draped duvetyn, the placing of a miniature jeweled dagger, or the angle to a coque feather lies the spirit of a smart Hat. To put one's finger on the exact charm is impossible. It is enough to know that there are Hats here for the most exacting of tastes and in a wealth of styles for all the times when one's Hat must be chic and different and all that is to be expected of the chapeau.

Attractive Luggage

Adds to the Pleasure of Traveling

Those who expect to travel this season will do well to consider Luggage a part of their Fall wardrobe. These Handbags and Trunks will meet the youthful refined taste of the college Miss going away to school, as well as the exacting requirements of seasoned tourists. They are attractively designed and finished, convenient and roomy, and of strong construction.

"Trifles Make Perfection, But Perfection Is No Trifle"
—an Old French Epigram Applicable to the Art of Dress—

The matter of corsets is not at all serious when one has been properly fitted. It can be forgotten completely. Justice to new fall apparel demands that you attend to this detail.

Of gossamer texture is the hosiery created for wear with Autumn attire, and to the beauty of fine silk is added intricacy of allover design, lace insets, clever clocks of drop-stitch effects. One must have many pairs of lovely hose to complete the fall costume.

A Spanish comb atilt in one's hair surrounds one with an air redolent of the land of sole-eyed senoritas and romance in general, and for evening is delightful.

To powder one's nose are neat little vanities containing compact powder. And, if one desires, there are little combination cases with rouge and powder and a mirror in which to gaze at the results of one's handiwork.

Toast is the shade found in the smartest of neckwear. Hardly a coat front but boasts of cascade of tinted laces and net or fine batiste. When it is only a question of vestees one may have a pleasing variety to break the monotony of the suit.

A film of veil to keep one's hair in order but also to give the finishing touch to the costume. A properly adjusted veil stamps the final cachet of good grooming to the ensemble whether it is worn trig and close or floating.

Cap a pie in furs is the mode. Luxuriously rich Wraps and Capes tempt one, and not unwisely, to prepare for chilly days by making an early selection.

Trifles fashion smiles on are to be found in the form of smart umbrellas; printed handkerchiefs; hand bags of beads, leather or fabric—severe or frivolous as one prefers; elusive fascinating French creams, perfumes and powders; lacy and be-frilled bits of lingerie; beads and feather fans and so on ad finitum.

BIGGER PREMIUMS OFFERED FARMERS BY COTTON PALACE

**Blooded Stock From Big Texas
Ranches Will Be Sent
To Waco**

A bigger show for farmers and a bigger and better entertainment for the farmer and his family is primarily the program of the Texas Cotton Palace this year.

As well as the premium list being considerably increased, the amusement end of the 1920 Cotton Palace has also been arranged with the farmer in view.

Agricultural exhibits from east, west and south Texas will form a part of the mammoth display that will be arranged in the spacious buildings shortly before the show opens on October 30 and which will be a drawing attraction throughout the sixteen-day period that the Texas Cotton Palace is maintained.

Competitive Exhibits

According to present arrangements a triangular competitive contest between east, west and south Texas for prize exhibits will add interest to these agricultural displays. The different district chambers of commerce and agricultural bureaus of chambers in the various towns are interesting farmers in their especial territory in this progressive step.

The extension department of the A. & M. College, which has supervision over 150 county demonstration activities in the state, has agreed to supervise a representative Texas Cotton Palace agricultural production. The extension department's showing has always drawn considerable attention at Waco and it is expected that it will win more favor this year, as increased effort is being put into the gathering of this great collection to put into Texas' farm show-window, the Cotton Palace.

Bigger Livestock Show

This year's Texas Cotton Palace livestock show will also be bigger than ever before.

The barns at the edge of the track which have been maintained for years to stable race horses brought to the Palace, are being converted into sheds to shelter the swine and cows and mules that will contest for honors this year.

Carefully raised prize-winning Jerseys, Herefords and other blooded cattle will be brought to the Cotton Palace from all parts of the state. And owners of famous stock farms in Iowa, Illinois, Oklahoma and other states will also enter their favorite cattle at the Texas show.

The King and Taft ranches probably will send large exhibits of blooded stock to the Cotton Palace this year.

Premium Price Increased

Approximately \$15,000 will be expended for prizes. This amount has been increased by nearly \$5,000 in comparison to that offered in previous years.

This year's Texas Cotton Palace offers honors for poultry, rabbits and other small animals, as it has in the past.

ALL RAILROADS GRANT EXCURSION RATES TO TEXAS COTTON PALACE

Recognizant of the importance of the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14, as an instructive agricultural as well as entertaining social gathering place for thousands of Texans, all railroads have agreed to offer reduced rates as an incentive to prospective Texas Cotton Palace visitors.

A fare and a third for round-trip tickets will be offered. These tickets will be good for stop-overs during the entire sixteen days the exposition will be in operation.

Vets of the Khaki

Texas' former soldiers will find the Texas Cotton Palace, Waco, Oct. 30 to Nov. 14 an appropriate place to meet their former comrades and spend a few days with them enjoying the festivities and talking over the days of darker times.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

August 31st.—Geo. Middleton was in Caldwell part of last week.

Joe Yeager spent Saturday in Rockdale.

Harry Woody was in Thrall a few hours Sunday afternoon.

Miss Doris Hutson of Rockdale is a guest of relatives here this week.

Master Bill Outlaw is in bed at present from an attack of appendicitis. He was taken to Cameron hospital for surgical attention but upon examination he was found to have, also, bronchitis and not able to undergo an operation. He was reported much better at present writing.

Miss Ruth Kirkman returned Monday from her summer vacation in Colorado.

Mr. J. M. Gilchrist had the misfortune to lose a fine cow Sunday.

J. D. McNeil and family and Mr. Mrs. J. R. Foster motored up from Rockdale and spent last Sabbath in the home of J. S. Woody and family.

Master Wilburn Guthrie is listed with the sick this week.

Mr. and Mrs. John Kulp and children were trading in Thorndale Saturday.

Roy Woody, wife and little daughter of Palestine are guests of relatives here this week.

Harrall Kirkman and family were visitors in Thorndale Saturday.

E. M. Perry has been on the sick list for several days.

Dr. Roepke of Thorndale was in our community Sunday.

Mr. Max Cummings has been very much incapacitated for transaction of business the past several days, because of an almost total loss of eyesight.

The ladies of the Christian Church gave a box supper in our village Friday night. A large crowd attended and \$123.00 were collected. The boxes ranged in price from \$1.00 to \$6.00 and purchasers felt value received for their money. The proceeds go as an addition to the fund for furnishings for the new church, soon to be erected.

Mrs. Nola Porter of Belton visited relatives here last week.

DeLeslie Richardson was a visitor to Houston last week end.

Our voting boxes, San Gabriel and Ellison Ridge, lined up with the majority of Texas voters and gave "the Hon. Patt Neff" a handsome lead.

Dr. Lee was over from Thorndale one day last week.

A child of Mr. Thompson is quite ill at present.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

GRAHAM-SMITH

Mr. George Graham and Miss Lillian Smith of Ben Arnold were married Saturday evening at the Methodist church in Cameron at eight thirty o'clock, with only a few friends present.

The couple left Saturday night for Fort Worth, where they will spend a few days with his mother.

They will make their home in Wichita Falls. (A Friend.)

Rob-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyances caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

SUCCESS

*The Reward of
Persistent Thrift*

Persistent Thrift is not difficult—simply adopt a definite plan of saving and arrange your mode of living to meet it.

One of the best methods to accomplish this is to make an allowance for each item of necessary expense, confining your expenditures within this limit.

Our Bank will be glad to talk this matter over with you.

BUICK

STURDILY built—designed for power and dependability, possessing grace and beauty in every line—the new Buick Nineteen Twenty One series signally upholds the traditions that have made the name Buick a notable word in the automotive industry.

Two decades have more than justified the unwavering fidelity to the accepted engineering ideals to which Buick stands committed. The same rugged Valve-in-Head motor refined is a distinguishing feature of every model.

In appearance, the Buick Nineteen Twenty One series is notable for

the harmonious blending of low, graceful body lines; in appointments, for those added refinements that so materially increase the pleasure and comfort of motoring.

In addition to the general features of the new models the Buick Five-Passenger Touring Car (Twenty One Forty Five) possesses a roominess of tonneau and new arrangement of seating that afford occupants the utmost in riding comfort. For the business man or his family; for the needs of city driving or country driving, this model excels because of its capacity for varied service.

Fear Bandit Plague is Again Sweeping Over The State

Graham, Texas, Sept. 7.—While a brass band was playing within a block of the building, three men robbed the Guaranty State Bank of Graham of \$10,000 in cash at 2:30 this afternoon. The robbers entered the bank and forced five of the employees and two customers who were at the window into the vault and then made Arthur Mauldin, cashier of the bank, open the safe and deliver to them the available cash. After the money had been placed in a sack which the robbers brought with them they demanded Liberty bonds. Mr. Mauldin said the bank had no bonds, as it had been in business only a few months, during which time none had been acquired. Mr. Mauldin was then placed in the vault with the other employees and the robbers left town.

Only one of the men wore a mask and he removed it before the robbery of the bank was completed. In ordering the young lady stenographer into the vault, one of the robbers apologized for his act but explained that he had to play safe. The bank's loss is fully covered by insurance.

It was about fifteen minutes before Cashier Mauldin and the other employees who were locked in the vault managed to secure their release. Immediately after releasing himself Mr. Mauldin gave the alarm. It was learned that the robbers left town on the road leading to Mineral Wells.

The Sheriff's department was notified and a posse left in pursuit of the robbers, who are believed to be traveling by automobile. It was learned late this afternoon the robbers evaded the officers by taking to the woods near Finis, after which they drove to Finis and obtained information as to the direction the officers were traveling. Finis is fourteen miles south of Graham.

All roads leading out of Finis are heavily guarded tonight.

Mr. Mauldin has offered a reward of \$250 for the arrest of the men.

late last night and the armed posses had been unable to pick it up today. At one time the pursuers were within a mile of the fleeing bandits, but all trace of them was lost in the rough rocks of the hilly country, and by morning all clues to the course of the robbers had disappeared. Once during the night the night the bandits' auto was seen by a farmer and it still going in the direction of Mineral Wells and Fort Worth.

Good descriptions of the robbers are in the hands of the officers and posses and have been wired in all directions from Graham. The trio had become familiar by sight to many residents of Graham before the robbery, though no one here appears to know their names or to be able to tell where they stayed at night. It is presumed they had a camp on the outskirts of the city. Two of the bandits were first seen on the streets three days ago and the third was noticed two days ago.

Two Dressed as Cowboys

The auto they used in making their escape was a Buick six. It had yellow wheels and had an extra casing roped to the rear. The machine appeared to be in good condition and often stood on the streets for several hours at a time. Two deputy sheriffs at Graham say they can identify all three of the bandits.

Two of the bandits were dressed in cowboy style, while the third was clad as an ordinary auto traveler and none of them excited more than usual attention.

FERGUSON WILL OPEN CAMPAIGN AT DENTON

Denton, Texas, Sept. 4.—James E. Ferguson, former Governor and endorsed at Fort Worth for the Presidency by the Texas American party, of which he is the head, will deliver the opening address of his campaign for the party and its nominees here Saturday afternoon, Sept. 11, at 2:30 o'clock.

This information was contained in a letter to E. Cocanougher of Denton from J. H. Davis, Ferguson's secretary.

The American party has a candidate for Governor in the person of T. H. McGregor of Austin and has candidates for Congress in several Texas districts, as well as county tickets in some South Texas counties.

SOLD BY ALL DRUGGISTS
TIME TRIED EVERYWHERE WORTH TRYING

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

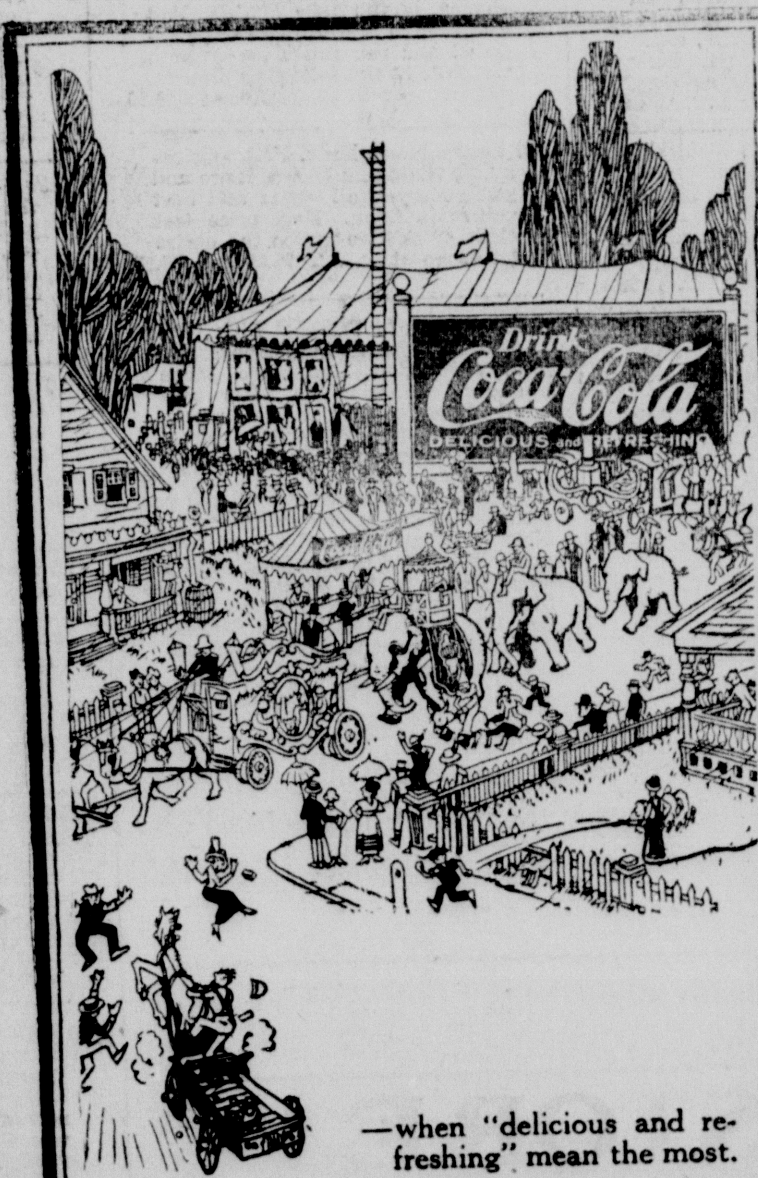

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.
